- f. Lakeland Cup:
 - i. Who would like to Host? (booked in both Bonnyville and Lac La Biche)
 - Bonnyville will need a week to discuss to advise if they will be able to host Lakeland Cup, LLB issues with getting enough volunteers to host and that would be a problem for them.
- g. Financial statements and spending projections will be complete for the AGM.
- h. Lakeland Bylaws – update
 - i. No nominations submitted for the Bylaw Review Committee; the LDSA Exec have been working through amendments to present.
 - ii. Hoping that they will be out between the 15 and 20th of September.
- i. Lakeland FC – update and discussion.
 - j. Discussions about continuing on with the indoor season
 - k. Executive discussed some scenarios – offering for u15 boys and girls
 - l. Two possibilities:
 - Join the EMSA league
 - Go to tournaments that the other teams do not go to and do not interfere with league play
 - No Tier 3 provincials will be played
- m. Vegreville – thinking tournament would be better due to overlap with league play
 - i. What if another community doesn't have a tier 4 team but has players that want to play with
 - ii. Would need to be registered in Tier 4 first
- n. Cold Lake – Practices will need to be figured out with lack of time
- o. Thinking of practices possibly on league weekends at the end
- p. BV – league play would run the smoothest, EMSA plans and manages the games, they were accommodating for the rural teams it worked great for the year that it was done
 - i. Proposal was made and presented in BV, no vote was taken and BV indicated they wanted to go with the proposal with Lakeland
- q. ASA would need to give permission to whatever scenario is chosen as players cannot be on two rosters during a season. Waiting for an answer from ASA.
- r. Poll to be sent to the outdoor returning players first to see if there is interest, then it will be an open tryout for everyone to attend
