Together they come up with a suitable date that does not conflict with any other Lakeland games already scheduled. Once the date is set, the home team must contact their referee director to inform them of the change and to ensure a referee will be booked for the new game and cancelled for the game that was moved. Next the Executive Director must be informed of the change, make sure you include all game details: original date of game, new date of game, location of new game, age group and community the teams are from, which team is home vs away, and confirmation that a referee is booked for the new game. At that point the Executive Director will adjust the website to reflect the changes

If a team refuses to attend or finish a game that team will forfeit the match and may be penalized as per the Lakeland Discipline and Complaints Policy.
E. If a team does not show up by game time, they are considered late, and they will forfeit the game. - D. Outdoor: Four corner flags, or cones for younger teams, are strongly recommended. When center flags are used, they must be placed 1 meter away from the sideline.

4.16 Field Marshal Program

Referee abuse and harassment by spectators and coaches is the main reason why referees, particularly those in their early teens, drop out of the development program resulting in severe shortages of officials at all levels. This unacceptable behavior towards our youth must be addressed as a priority particularly if soccer is to have an adequate supply of referees.

- Hats: no hats are allowed on the field of play. Goalkeepers may request to wear a soft brimmed hat as an eyeshade. The referee must ensure that it is not dangerous.
- Head Protectors: only those permitted by FIFA are allowed.
- Spectacles: are allowed if they are sports spectacles and / or regular glasses and are safe for the players themselves and for other players.
- Pro Wrap: Single strand of Pro Wrap is permitted with no metal hair clips or bobby pins.
- Orthopedic Supports: FIFA Circular 863 states that the vast majority of commercially manufactured supports are safe to use. These items pose less of a hazard than players accidentally banging heads, for instance. The major concern is not the 'hardness' of the equipment alone, rather it should be whether any part of it could cut or wound another player.
- Any support must be safe for all players, and adequately padded if necessary. Casts: Players wearing a hard cast are NOT permitted to play, even if it is padded. Players wearing a soft cast may be permitted to play if the cast does not present a danger to him/herself or any other player. The soft cast must not contain any hard material. The referee (or a Supervisor of Officials if one has been appointed to the match or competition) will make the final decision as to the acceptability of any soft cast.
