INVITATION to PARTICIPATE

If you are receiving this invitation to participate, you are being recognized as a competitive basketball player from the Edmonton and surrounding areas or are a coach that could pass this along to your serious athletes! (not a camp for beginners)

The Thunder Basketball Academy is dedicated to providing serious basketball players the opportunity to train with experienced coaches and compete against other high level local talent. Our goal is to provide individual skill development and training to better prepare athletes for their upcoming season of play and post-secondary opportunities that are not normally given to athletes from our communities.

What we offer!

- Functional fitness
- Tons of offensive drills, with the addition of important drills for defense
- Focus on individual skills / integrated into small sided -scrimmage situations
- Reversible jerseys
- Special Guest coaches! Here are a list of college coaches who have come to talk to the athletes in the past and get a look at future prospects:
 - [Robyn Fleckenstein \(Augustana University College Head Coach\)](#)
