Presidents Report

Good afternoon

I would like to take a moment to thank everyone for all their time, hard work, and support for this past season.

With 12 teams this season 2 at U7, 2at U9, 3 at U11, 3at U 13, 2 at U15 and 2 at U17. With the number up this season, it took a lot of volunteers and hard work.

2023 to now we had a lot of members step up and help the board. Without them this club would not have been successful in this Season. We need more members to help, this season many members wore many hats. The members that volunteered did a wonderful job and all the help was appreciated.

The first GELC icebreaker tournament was a big success for the Leduc crush with a huge shout out and thank you to our tournament coordinator Candis and the many volunteers who helped her. This was a big job with it being the first season and organizing and learning with the GELC tournament Director as well.

This Season there has been many issues with the referees and games had to be canceled we would like to thank you all for your patience and we know how frustrating this is for the last-minute changes.

The GELC office hired discipline chair as a paid position this year, and there has been some learning curves that will be covered with the discipline chairs letter.

Good luck to the teams still in the running for their last playoff week. I have added the code of conduct as a reminder for the playoff run.

Let's keep working together to grow the sport our athletes love to play.

Again, thank you everyone as everyone is a volunteer. Thank you for your support and intending this

Good afternoon

Here are some brief updates on the positions I held this year...

Social Media - was such a fun year on social media with both parents and kids participating in all the posts. I was able to make it out to a lot of our different teams games to make highlight reels, conduct player interviews, or player of the game pictures. I also want to thank managers and parents who helped by sending in updates from tournaments and playoffs so far.

Volunteer Coordinator - we had some great opportunities to volunteer this year. We had spots available on each team to volunteer, Black Gold Rodeo, and the GELC Icebreaker tournament.

The Icebreaker tournament seen a lot of CRUSH families filling the volunteer roles at the tournament helping it to become a success. We had only a handful of families that will be paying out their commitment fees.

Fundraising Coordinator - Once again the meat raffle was a huge success! We SOLD OUT of our tickets and were able to have 11 prize winners! Thank you to the managers that stepped in and helped to distribute and collect the tickets back.

We also helped to host the Icebreaker tournament, led by our tournament coordinator to bring in additional funds to our club.

Interim Vice President-

Manager Director - It was a busy season with 14 different teams but we had a great group of managers that took on such a huge role. Lots of managers were first time managers this season and they learned quickly and were very successful. Thank you to the ladies and Ryan for stepping into this role, being responsive, organized, and making sure this season ran smoothly!

This season this role also became the first point of contact to the board for problem resolutions and I think it helped the situations run smoother and be resolved quicker; situations were able to find their way to the proper board members quickly and get addressed in a timely manner.

Discipline Report

Discipline Directors Report

80000

This year was a huge learning curve as it was my first full term in this role. Thank you everyone for the assistance and patience while I navigated this season.

We started the year with some in house discipline which some of it then went to the GELC and was handled at that level.

I was also part of a hearing as support for one of our members. This matter was also handled at the GELC level and the matter has been closed.

Our club did have some suspensions handed out through tournaments, referees reports/penalties. Some of these were not dealt with in a timely manner by the GELC new discipline chair which resulted in further disciplinary action. We will work with them to improve the processes so this does not happen again.

Abuse of officials has been a problem again this year. Beyond the yelling and profanities there was actual objects thrown at officials. This is absolutely unacceptable behaviour and the main reason why we can't retain officials and have had so many game changes during the end of the season and during playoffs.

Playoffs have been disastrous this season with the amount of game changes, teams trying to put players on the floor who are ineligible, numerous complaints being sent to the RIC and or the OIC to try and change a decision or game time. As a reminder please follow proper chain of command when addressing an issue.

We as a club are trying to improve the culture of lacrosse so we can retain coaches, referees and have a safe and positive environment for all our members. With this we are holding all members accountable to abide by the code of conduct and ethics.

Thank you everyone for your continued dedication to making lacrosse, one of Canada's national sports, a success every season.
