Rally Cap Introduction to Baseball (T-Ball)

OBJECTIVE

This program is designed for 3- and 4-year olds with little to no experience playing baseball. Our goal is to provide our young players with an introduction to the basics of baseball (throwing, catching, batting, base running, and team play) and to inspire physical activity and a love of the game. Equipment will be modified (soft bats, wiffle balls) to maintain safety without compromising on skill-building exercises.

COACHING/PARENT INVOLVEMENT

Considering this is a very young age group, parental involvement is mandatory. We require one Head Coach, two Assistant Coaches, and as many parents on the field as possible to ensure the success of the program and our players. Training will be provided for all who are interested.

If you are interested in helping coach this program, please fill out a coaching application.
