

Lloydminster Minor Hockey

U15 Director Season Report

U15 division went over with great success in the 2023/24 season. For this season there was 1 additional team over previous year that was entered into the NEAHL League. In total there was 6 teams entered into the NEAHL: 4 teams that were Body Contact and 2 teams that were Non-Body Contact (1 – Tier 1; 3 – Tier 3; 1 – Tier 1 NBC and 1 - Tier 2 NBC).

All the teams competed very well in their associated Tier's and 1 team coming out of playoffs with a banner; congratulations to the Tier 2 NBC team! All other teams competed very well and were at the top of there league.

Going into the 2024/25 season it is expected to have similar number of registered kids as last year and if so, the teams will be very similar for Tiering. Pending how the NEAHL lays out the tiers prior to LMHA making the teams will be crucial on how the teams are built. As it unfolds in the fall, we will be sure to communicate the best we can and keep everybody up to speed on what is going on and how the teams will be laid out.

Looking forward to next season!

Davin Ducherer
U15 Director
