LASA POLICY 6 – PRIVACY PROTECTION POLICY

Statement of Principle:

LASA recognizes that, through the player registration and provincial registration process, it has been given access to confidential information for each player and family. LASA takes great effort to ensure that this information is kept private.

Application of Policy:

- All registration information is kept secure with the Registrar.
- The Registrar will only supply portions of this information to other board members who require this information to complete their assigned roles.
- During the registration process, parents are required to indicate whether they have any concerns with respect to privacy or security issues.
 - The registration includes a parent/player release that must be acknowledged at the time of registration.
- All personal information collected by teams, including medical forms, shall be destroyed at the end of each season.
