

LONDON RINGETTE ASSOCIATION **FREQUENTLY ASKED QUESTIONS-REGISTRATION**

(rev. April 2026)

Why have registration fees increased since last season?

The player registration fee is based on the costs to operate a team for the season, and as with all things, costs go up. For the 2026-27 season, the London Ringette Association was able to keep fees frozen and unchanged for the Fun1 and Fun2 age groups. All older aged players have had a \$25 fee increase over 2025-2026 fees to cover increasing costs for ice, tournaments and Ringette Ontario Fees.

What are Ringette Ontario fees?

Our governing body, Ringette Ontario, assesses a player membership fee as well as Team Fees which includes insurance coverage.

What does my registration fee include?

The majority of the registration fee is for ice costs. Each team (Fun 3 and older) is provided one practice ice time per week and generally 10 home games and 10 away games throughout the season. It also includes RO team fees, league fees, officials, and shot clock operators. The season runs from October to the end of March, however, warm up skates and sorting skates often occur in September.

London Ringette Association is unique in that your registration fee also includes your entry in the London Pink-the-Rink Tournament in November as well as each team's year end event (Regionals or Provincials). Many other associations download this cost to teams to pay directly.

What is the cash calendar?

The LRA has phased out the Cash Calendar. You will now only play the Registration Fees as outlined on our website.

Why are the fees higher for Provincial players than Regional players?

There are a variety of additional costs for Provincial (A/AA) teams. All Provincial teams (AA/A) are given full ice practices while Regional teams share ice. The entry fees for the London Tournament and year end event (Ontario Provincials) are significantly higher than for a Regional team. Provincial teams are also assessed higher league fees and official fees and U16/U19AA teams require an additional hour of ice time for all home games (due to more periods and longer game times).

If my daughter wants to play U12A for the upcoming season, how do I register now to avoid the late fee?

At this time, LRA is planning to host a U12A team and tryouts/assessments will be in the September. Please register as U12 Regional player and if your player is successfully placed on the U12A team, the Registrar will amend your registration and the additional "bump-up fees" will be payable to LRA at that time.

For further information regarding the U12 program, please refer to the "U12 Information for Parents" area of our website.

Why is the U12 Regional registration fee higher than other Regional divisions?

As part of the U12 Pathway, Ringette Ontario now hosts a year-end event for all U12 teams, similar to Provincial events. The entry fee for this event is significantly more than the Regional Championship entry fee, so LRA has had to increase U12 registration fees accordingly.

What is the refund policy?

If a player withdraws from LRA prior to November 1, 2026, the registration fees will be refunded, however a \$100 withdrawal fee will apply, and all Player Fees to Ringette Ontario are non-refundable (approximately an additional \$100). After November 1, 2026, no registration fees will be refunded.

How do I get the \$200 discount for new player registration?

New players should register in the LRA Ramp system. There will be a package for their age group indicating 'new player'. The registration fee for this selection will already reflect the \$200 discount.

Can I pay by credit card?

Unfortunately at this time, LRA is not set up to accept credit card payments. All payments must be sent by e-transfer to londonringette@gmail.com

What is the Late Payment Fee?

A Late Payment Fee of \$100 will be charged for all returning players who have not registered and paid their Registration Fees in full by June 30th 2026.

No player shall be allowed onto the ice unless all Registration Fees and Late Payment Fees are paid in full by September 1st 2026. The only exception is in cases where a Payment Plan has been approved by the LRA Registrar, and the terms of the Payment Plan have been met.

Can I set up a Payment Plan?

To arrange a payment plan, please contact our Registrar at londonringette@gmail.com. Payment Plans will still require that All fees must be paid in full by December 1, 2026.

What financial assistance opportunities are available?

There are programs available that can provide assistance.

What is Respect in Sport Program?

Ringette Ontario has mandated that a parent/guardian from each household must complete the Respect In Sport: Parent Program. If you are new to Ringette this coming season please complete the online course:

- The online course costs \$12.00 and takes approximately hour to complete.
- If you have already completed this online course through a different sport such as soccer, hockey, volleyball, you are not required to retake the course.
- Please include your certificate # on RAMP site when you register your athlete.
