

## Centralised A Tryouts Team Formation Policy

As passed by all local associations, centralised “A” tryouts will take place for the 2022-2023 season at the U14 A, U16 A & U19 A level. The aim of the centralised “A” tryouts is to provide consistency amongst all the players being evaluated and to allow players who are released from their own association the opportunity to be drafted by another association.

- 1) Tryouts will be hosted by the Centralised A Tryout Committee (CATC). A variety of venues within the Local Association’s (LA’s) catchment areas will be used to host tryouts for all age groups.
- 2) Amalgamation of associations will be pre-determined prior to A tryouts and will be communicated to registrants. The process of amalgamation will follow Ringette Manitoba’s policy, with nearest associations amalgamating first. The association hosting is decided based on many factors including player numbers and calibre, coaching staff availability, ice availability, goalie availability and the impact on other players at the local associations.
- 3) Any player wishing to be picked up by another association must declare their intent on registration. They may NOT choose a specific association, It’s either yes to all or no to all. Withdrawal after being placed on a team is strongly discouraged; this has a negative impact on the team and denies another player the opportunity.
- 4) Age advancement:
  - a) Host association forming a team exclusively from their own players. Host local association policy to be followed.
  - b) Amalgamated team. NO age advancement allowed unless by prior agreement between the amalgamated LA’s
  - c) Age advanced players are NOT eligible to enter the draft process

5) If a player is unable to attend tryouts (partly / wholly) they will be excused for the following reasons only:

- a) family emergency
- b) school sanctioned event
- c) sickness or injury, accompanied by a doctor's note
- d) religious beliefs

Players must present a letter, stating why they were unable to attend, to the tryout committee as soon as they are aware of an absence.

Player will not be penalized for not being able to participate in tryouts if the reason is valid.

Previous season scores/ranking/coach feedback may be used to aid coaches in their selection.

6) Grandfather Rule: Any player that is subject to the grandfather rule (3 consecutive years playing for an organization which is not their home association) will be flagged and notified of their option to choose; either stay in their home association or play for the grandfathered team. The player must make this decision prior to the first day of tryouts. If the player chooses to remain in their home catchment area for possible selection to that team, the grandfathered rule becomes null and void.

7) The Tryout committee will organize and employ all evaluators. Standardised Evaluation forms will be used, and a rubric will be communicated to players prior to tryouts.

8) Following evaluations, players (non-goalies) will be ranked.

Band A will be formed from the top 75% of players trying out.

Band B will consist of players ranked in the bottom 25% of players trying out

Only players ranked in Band A are eligible for team selection. If a coach / host association would like to choose a player from below the 75% line, the request must be submitted to the committee using the "CAT Band B Player Request Form".

For this request to be considered, the CAT Band B Player Request Form must be completed including justification and the signatures of the Team Head Coach, Host LA's age group convener and the host LA's President.

The purpose of this form is to ensure that players are chosen according to skill and not from bias.

9) The association hosting an A team will select the coaches for that team. If a coach is selected and their child ranks in Band B, then they cannot select their child until all other eligible players in Band A are picked or released.

- 10) Evaluation scores will be tabulated and distributed to each Head Coach and Local Association Representative. These rankings are anonymous and confidential. They may not be copied or shared with any parties not directly involved in the team formation process.
- 11) The organizations involved in the team formation process are those associations that will be hosting an A team (and their amalgamation partners) at any of the levels at U14 A, U16 A or U19 A. The host LA team formation policy will be used. In the event of any conflict between this (the Central A Tryout Team Formation) policy and the LA's policy, this policy will take precedence.
- 12) The Team selection meeting will be held within 5 days of completion of all age group tryouts. Meeting time/date will be set with those involved and communicated. All LA's with players who took part in tryouts are to be represented at this meeting
- 13) Associations must declare their initial protected players (Draft Round 1) no later than 48 hours prior to the Team Formation meeting. Failure to do so will result in that association forfeiting their first round in the draft pick.
- 14) Chair of age group/tryouts to review list of released players and distribute this to head coaches no later than 24 hours prior to the team formation meeting.
- 15) Team size for all "A" teams is typically set at fourteen (14) with thirteen (13) skaters and one (1) goalie. A different team roster size may be chosen at the discretion of the host association and their amalgamation partners.

16) Draft Process:

Round 1: Each association/team hosting to submit a provisional roster of protected players from those eligible to them (i.e. Band A players belonging to the host / amalgamated LA's). Coaches may submit a smaller roster with the intent of picking up players in round 2. The provisional roster will provide the foundation to begin the draft

Round 2: Draft pick – if an association did not protect a full roster in round 1, they may complete their roster from those released/available. Draft will start with the association/host team that has the lowest ranked player from Band A on their team and proceed in ascending order.

17) Goalies: Goalies will be evaluated and ranked using a standardized evaluation form. Host LA's may roster one (1) goalie in Round 1 of the Draft Process. A second (2) goalie may be rostered to their host team, only when all A-teams have a rostered goalie and the needs of all Local Associations' other teams have been considered.

18) Players not selected to play on an "A" Team will go back to their home association for team placement.

19) All Teams will be announced at the same time, via email, by the centralized A Tryout committee.

20) No scores or rankings will be shared with players/parents after tryouts. Comments can be requested and shared only.

Centralised A Tryouts
