

MANITOBA MAJOR SOCCER LEAGUE

2018 OUTDOOR SEASON

GAME CANCELLATION PROCEDURES AND INFORMATION

Prior to three hours before the designated kick-off time of a scheduled game, the League will provide notification to Team Representatives by e-mail and by phone calls / messages if a game has been cancelled by the League due to inclement weather or for other reasons.

General notification of any cancelled game by the League will also be posted on the home page of the League's website (www.mmsl.ca).

Team Representatives need to understand that inclement weather or other events can happen during the three-hour time period before the designated kick-off time of a scheduled game; which may result in a game being cancelled by either the facility owner or the assigned referee. When these situations occur, the League will attempt to provide notification, as much as possible, to Team Representatives about the cancellation of any scheduled games.

Team Representatives are responsible for notifying coaches, managers and players on their team about any game cancellation information that is announced by the League.
