

MANITOBA SOCCER ASSOCIATION POLICIES AND ADMINISTRATIVE PROCEDURES

AIR QUALITY POLICY

STATEMENT

This document provides background information regarding air quality, as well as direction for Member Organizations, match officials, and team officials when outdoor air quality is poor.

If the AQHI value is “7” or higher at the start of the game or practice, the game or practice must be cancelled.

If the AQHI value goes to “7” or higher during the game or practice the game or practice must be cancelled

The Purple Air reading at the following link should be used to determine the AQHI value:

<https://map.purpleair.com/air-quality-standards-aqi-plus?opt=%2F1%2F1p%2Fa0%2Fp604800%2Fc0#1/19.5/-30>

(Please ensure that the Data Layer is set to Canadian PM2.5, and Averaging Period to Real Time. Use the location closest to the field for the reading.)

APPROVED BY: Manitoba Soccer Association Board of Directors

DATE OF APPROVAL: August 21, 2025
