

MINI SOCCER REINVESTMENT GRANT

The Manitoba Soccer Association (MSA) has established a reinvestment grant program which looks to reinvest 25% (\$4 out of \$16) of every mini player registration back to the youth member organisation that registers the player. This program started in 2022/2023. The money is intended to be reinvested directly into grassroots programming, being used for but not limited to items such as equipment, coach honorariums, coach training, facility rentals, etc.

Eligibility:

To be eligible to receive the mini player registration fee reinvestment grant, youth member organisations must:

- Be in good standing (including all fees paid)
- Have registered all their mini soccer participants
 - Fees paid; player registrations done through RAMP
- Submit the previous year's follow up report

Payment Process:

To receive the Mini Soccer Reinvestment Grant payment:

- Club Licencing requirements are met
- All mini soccer participants must be registered and paid via RAMP
 - Outdoor registrations are completed by Sept 30
 - Indoor registrations are completed by March 31
- The previous year's follow up report has been submitted
- The amount sent will correspond directly to the number of players registered via RAMP
- Cheques for the previous year (April – March) will be mailed out by April 30
 - Eg. Mini soccer registrations for the year April 2024 – March 2025 are to be mailed out by April 30, 2025
- Note: any amount owing of \$25 or less will be withheld and added to the following year

Follow Up Reporting:

To remain in good standing and to continue to receive funding in subsequent years, a follow-up report must be submitted electronically through the [Follow Up Google Form](#). The follow up report must include:

- A detailed description of how the money has been spent and how it benefits grassroots programming at your youth club
- Receipts or invoices verifying expenditures which includes the name of the recipient of the funds, the date the goods/services were purchased (must be within the last 12 months), discloses the amount of the payment, and describes the goods or services provided for payment.
