

Social Media handles are:

Twitter: @mdra_ringette

Facebook: @metcalferingette

Instagram: @mdra_hornets_ringette

Please follow MDRA on Social Media and ensure notifications are set to ‘all posts’ for Facebook. By ‘liking’, ‘sharing’ or tagging other MDRA families in posts, the platform algorithms will start bringing MDRA posts into your feeds. This will help keep you notified of upcoming registration dates and all things MDRA!

A Google Drive has been created to provide a cloud based storage system for MDRA documents. This will provide for a quick knowledge transfer between executive members and an efficient means of collaboration.

Email notifications are sent via RAMP Registration, which is a registration software program used by sport organizations. Please ensure that ‘Metcalf and District Ringette Association <mailer@rampmx.com>’ is on your safe senders list, which will prevent our association updates and notices from being sent into your junk folder.
