

TEAM BANK ACCOUNT

EVERY team MUST open a team account.

1. Decide on a team name
2. **Two signatures** required on all cheques written on the account
3. Bring letter provided by association if necessary
4. ALL team account records are to be available to parents
5. Close out account at the end of season
6. Checks from the association will only be made out to teams

It is a good idea to collect start up money (\$100.00 - \$200.00) per player from the parents at the beginning of the season to get started. It is up to each team if they want to do fundraising to offset other costs.

Tournament fees are usually about \$500.
