  - a. Do we need them? - General consensus is we need it, but have to work to finalize all of the items. Use the Technical Committee as a reference for this
  - b. Why do we need them- "Merge thoughts on both programs", "Run a senior soccer program. Both Men's & Women's"
  - c. General overview of Purpose, Authority, Committee Memberships, was created with formalization of it to be completed at next meeting
4. High School League
  - a. Did not know that they could contact people in that league or previous leagues in order to gain girls interest in joining the women's league.
  - b. Think it would be a good idea overall. Need to figure out logistics if schools do not have enough numbers to form a team. Who do they join with or how does that work?
5. Women's League
  - a. Potential of two divisions: Competitive and Rec- thoughts brought forward that there might not be enough people for
  - b. Fear is that the leagues will be smaller and the numbers will not be there to support both leagues.
