Ontario Baseball Central Registration

The Ontario Baseball Association has mandated that all local associations submit all of our House League Registrants Personal and Identifying information under the umbrella of "Dual Registration" "The Mississauga Majors Baseball Association is opposed to this mandate as House League participants do not directly benefit from Ontario Baseball membership and sharing of your personal information with Ontario Baseball is not required or needed to provide our House League Program to you. The Majors do not share any of your Private or Personal information with any party unless required to provide our programs to you. After failed attempts of negotiating a fair and workable solution that preserves your privacy, we have retained Legal Counsel along with other concerned Local Associations to stop this practice. Baseball Ontario has informed the Majors that failure to comply would result in the Mississauga Majors Membership status with Ontario Baseball will be rescinded and the Majors would be deemed a "non member"

While this would have no effect whatsoever on our house league program, it would gravely affect our Rep and Select programs and prevent participation in regular tournament play and Provincial Competition. Should our continued efforts fail, we may be legally compelled to provide your personal information to Baseball Ontario for the purposes of Dual Registration. By signing below, you understand that the sharing of: participants full Name, address, birth date, gender, phone number and Parent / Guardians information **may** need to be provided to Baseball Ontario in compliance with a legal order or binding arbitration.
