

Quick Reference for Playoffs

Refer to Regulations Section 13

- At start of series, look at the Playoff Format posted, see who you play, call the manager of your opponent, and make game arrangements. We expect the same rules will apply as in regular season. At least 2 reasonable times must be given to choose from. Fill out the Notice of Game Change. Refer to the game number that is on the playoff format.
- Game results must be posted in 24 hours. Verify the games as soon as you notice they've been posted.
- Affiliation requests must be filled out online ahead of the game. Speak to your governor about the request. There must be a new one filled out each time you need the affiliate player in a new series.
- For a 2 game total goals series:
 - First game can end in a tie
 - There is a Mercy Rule. If there is a 10 goal differential, 2nd game is not needed, teams move to the next round. If the game is a 9 goal differential, both teams must write in to the governor for approval if they decide they don't want to play
- In a Best of 3 series, each game must play to a win.
- Round Robin Games must play to a win.
- Overtime rules are 5 minutes of stop time sudden death. If still tied, then teams do a shootout. Home team decides who shoots first.
