

## Napanee Crunch Female Hockey Association Coaching Application

The Napanee Crunch Female Hockey Association (NCFHA) considers the position of Coach to be of the utmost importance to its mandate, membership and hockey development. In most cases, it is the Coach's influence, style and ability that determine the success of the year and whether the year was a positive experience. Coaches are expected to understand and follow all Hockey Canada and OWHA guidelines and Pathway programs. The NCFHA will ensure that its members get the best coaching available. All applications will be reviewed, considered and vetted for qualifications and experience. Applicants can expect to be interviewed and have a recommendation made, by a Coaching Recommendation Committee, to the NCFHA on their application. The NCFHA Executive is the final authority for accepting Coaches for all NCFHA teams or programs.
