Metro League Returning Player Policy

Adopted on: January 07, 2024

Approved by: NEUSC Board of Directors

Last Updated: January 07, 2024

1. Returning Player Definition:

- Returning players are defined as those who participated in the Metro League during the previous season.

2. Registration Deadline:

- To guarantee a spot in the Metro League for the upcoming season, returning players must complete their registration two weeks before regular registration opens.

3. Fee:

- The fee for returning players will be the Spring/Summer Metro Fee

4. Spot Guarantee:

- Registering by the specified deadline ensures a guaranteed spot in the Metro League for the returning player.

5. Tier Determination (applies to U11 and above):

- The registration process does not influence the tier in which the player will participate. Tier assignments will be determined through spring tryouts, allowing fair evaluation and placement.
- All returning players, regardless of registration timing, will have an equal opportunity during the spring tryouts for tier determination.

6. Late Registrations:

- Players registering after the two weeks before regular registration opens deadline may still be eligible for the Metro League but will be placed onto a waiting list along with new or transfer players.

7. Members

-
- Early registration promo codes are eligible to be used by members of NEUSC including siblings of returning players or Fall/Winter players.

By adhering to this policy, Northeast United Soccer Club aims to provide a fair and transparent process for returning players to secure their Metro League spot while maintaining an equitable system for tier placement.
