

Severe Weather Policy

Adopted on: August 7th, 2022

Approved by: NEUSC Board of Directors

Last Updated: August 7th, 2022

Decisions to cancel practices and/or games will be taken by the appropriate league director two (2) hours prior to start time on days where Environment Canada is predicting extreme weather events, including high temperatures with or without humidity, significant rain, as well as snow storms. All weather cancellation decisions will be communicated to the Communication Director to send out to parents and players via email, Facebook and posted on the NEUSC's website.

Temperature Guidelines:

House League Summer Program

- 30+ Degrees Celsius, feels like temperature – Cancel

Metro League Summer Program - Practices:

- 30 - 35 Degrees Celsius feels like temperature - Mandatory Water Breaks at 5 min intervals & reduced physical activity;
- 35+ Degrees Celsius feels like temperature - Cancel all practices.

NOTE: Decisions on Metro League Games are made by the Metro League (not NEUSC) and communicated to the NEUSC Metro League Director.

Adult League Summer Program

- 30-35 Degrees Celsius feel like temperature - Mandatory water breaks midway through each half;
- 35+ Degrees Celsius feel like temperature - Mandatory cancellation all games/activities

Significant Rain:

While all practices and games will generally go ahead regardless of the rain, there will be times where the field becomes unfit due to the amount of water. Where significant rain is expected within two (2) hours of a practice/game, the Technical Director will make the call regarding the use of the field.

Snow Storm Guidelines:

House League Fall/Winter Program - if school is cancelled or the building is closed due to poor weather, then House League Program is cancelled.

Metro League Fall/Winter Program - if school is cancelled or the building is closed due to poor weather, then Metro League Program is cancelled.

Adult League Fall/Winter Program - if the Metro Bus service is shut down or the building is closed, the Adult League Program is cancelled
