Driving Policy

Driving Policy

Driving Policy for Midget Aged Players

Players who are of the legal driving age are to follow the following policies for theirs and their teammates safety:

For Practices:

a) Practices within a 29 km radius (Black Diamond, SSSR)

Players will be allowed to drive to venues which reside within a 29km radius (Black Diamond, SSSR). Players who do drive are expected to drive "directly", meaning there are no detours taken that bring another reason for the trip into consideration.

b) Practices outside of a 30 Km radius (Blackie, Stavely)

Players will not be permitted to drive themselves or any of their teammates. We recommend that a parent drive to these practices as they are typically later at night when it is dark and a 16/17/18 year olds may not have the necessary experience to drive at night alone. In order to help minimize the number of parent drives, we recommend organizing a car pool initiative to keep the kids safe.

Away Games:

Will not be permitted to drive themselves or any of their teammates to any games where the Okotoks team is the visiting team.

Home Games:

a) Anything within a 29 km radius (Black Diamond, SSSR)

Players will be permitted to drive themselves "directly", meaning there are no detours taken that bring another reason for the trip into consideration.

b) Any game outside of the 30 km radius

Recommend a parent drive and suggest setting up arrangements for rides if parents do not want to show up early for games.
