# Add New Players to Lineups

In the event that a player is not shown on the Add Players screen (Roster or Non-Roster), the Scorekeeper will need to search for that player (to avoid adding duplicates to the database). Enter the player's First Name and Last Name, then click Search.

← Person Search

Please enter the name of the player you wish to add to this team.

First Name	Last Name	
<input type="text" value="Guy"/>	<input type="text" value="Lafleur"/>	<input type="button" value="Search"/>

# Possible Matches or New Player

If the system locates a player that has a matching name (or a closely matching name), they will be displayed in a list. Click the 'Transfer' button to add this player to the roster. If the desired player is not listed in the Possible Matches, click Add New Player.

← Person Search ✕

There is a possibility that the player you are trying to enter is already in the system. Below is the list of matching players. If the player you are trying to add is on the list below, please click "Transfer this Player" for that player record.
