

ONTARIO WOMEN'S HOCKEY ASSOCIATION REGISTRATION

IMPORTANT NOTICE FOR OUT OF PROVINCE PLAYERS

IMMEDIATE ACTION MAY BE REQUIRED

IMPORTANT: Players coming from another province or country are considered imports. Player transfers and approvals are required for any players who are moving into Ontario or residing outside Ontario. There are specific eligibility requirements and registration procedures. Please ensure approval from the OWHA registrar prior to permitting participation in any activities including try-outs.

In addition to the registration materials contained in this package, there are forms for:

- International Transfers
- Inter-branch Transfers (within Canada)
- USA Transfers

- 1) If a player did not play within the Ontario Women's Hockey Association last season and has participated in hockey in another province or country, she may require approval, a release and a transfer. In many cases, this is required before the player is involved in any activity with a team.
- 2) If a player lives in another province or country and/or played ice hockey in another province or country she may require approval, a release and/or a transfer on an annual basis. In many cases, this is required before the player is involved in any activity with a team.

Please contact the OWHA Office immediately (before the player first steps onto the ice) if you have any players that may require one of these transfers. **IMPORTANT:** If either #1) or #2) apply to a potential player she may NOT participate in any hockey related activities until she has been cleared through the OWHA office.

This is very important.
Thank you.
