PRACTICE REQUESTS - We will not know specific gym times; athletes should be prepared to practice between 6:00pm and 10:00pm Monday to Friday. We will do our best to accommodate all players, however priority is given to our coaches' schedules. We typically schedule younger groups during the earlier time slots and the older players utilize the later slots. Practice nights for each age category will not conflict with projected game days/nights for that respective age group listed in this document.

FRIEND & CARPOOLING REQUESTS

Our primary focus is on long term player development, players are divided into teams of equal parity, as best we can. This is done through player evaluation process that is essential in providing equal opportunity for ball touches. Coaches that build their own teams outside of our evaluation process may choose to accept friend requests at their own discretion.
