# **Coach's Corner 1**

**Keaton Klassen coaches the** 13a3 Wildcats. At 18 years old he's one of our younger coaches. He also plays goalie for the Winnipeg Satellites:

"I've been playing since I was 3 years old, and it never looked good for a potential hockey career...l spent the first 2 years pretending I was Batman as I skated around the ice. But now I'm playing junior B for the first place team in the league and I've got a record of 5-1 for the season.

I started coaching as a goalie coach, but after one full season I really wanted the responsibility of organising the entire team. A lot has changed in hockey from when some of today's coaches played, and with me still playing I can really keep it current and fresh. This season was my first crack at being head coach, and my 13a3 Wildcats did the best they've done in years.

At the beginning of the year, I decided I wanted this season to be a season that the boys would look back on and, when they get to my age, say "that was my favourite season! " So we booked a tournament in the states, and we have had events off the ice to really make this team feel like a family . You can't look around the dressing room without seeing smiling faces. Kids that were silent last season are getting involved and being a part of the Park City family we have created.

This team is really like a family, I care about each of these kids and it's an indescribable feeling seeing them become what they have become. As the first half of the season wraps up and we look back at our recent success, I couldn't be more proud of the Wildcats."

### **Breakfast with Santa**

As everyone settled in to eat breakfast (pancakes and fruit with the choice of juice or hot chocolate) Santa arrived! Minutes later Mick E Moose walked in and the two special guests took pictures and mingled with the crowd. The kids also got to enjoy time in the bouncer and some Christmas crafts. This event would not have been possible if it weren't for the volunteers who signed up and those who came to help at the last minute. I would like to give a special thanks to Tabitha Bear who helped in more ways then one.

# **Coach's Corner 2**

Shelby Yuskin is 18 and plays Ringette for Valley Gardens CC:

"I started playing ringette when I was 12, which is a lot later than most girls start. I had to work hard in order to improve my skills. The hard work paid off as I've made the "A" team for several years. During my 5th year of ringette, when I was 16, I decided to take on the responsibility of being an assistant coach for the U10 ringette team. At first I was nervous to coach these girls, but soon I realized that I had the knowledge of the game to help them. All players struggle with certain skills, as did I. I try to work with my players to bring out the best in them. It can take a lot of patience but when I see them perfect that one skill or just improve in general I know it is worth the time I've put in and that I have made a difference. My first year of coaching was rewarding because our team was not expected to make it through playoffs, but with hard work, determination and teamwork they won Gold in Cities.

I have loved ringette since I started playing and now that I have started coaching I love being able to help young athletes improve and fall in love with the same game that I did. I try to encourage each and every player to try their hardest at everything they do. I try to take some of the attributes that my favorite coaches taught me and teach them to my players.

I enjoy coaching because I like imparting what I have learned. Most of all, I enjoy watching the people that I coach improve. My hope is that by staying active and having fun many of these girls will continue to play ringette and other sports throughout their life. I hope that many of them will pass on their knowledge and skills to other athletes by coaching when they are older."
