Message from the President

This will be my final report.

I believe that our sport is in a good position and good hands.

The Canada Games Program had a successful competition. The television exposure was excellent and the teams were competitive. The teams and staff are to be congratulated.

Our partnership with Vancouver Whitecaps has continued to be a positive one. The Vancouver Whitecaps are contributing to the growth of soccer across the country and making a strong contribution to the women's game in our country. I am proud of this relationship.

The Clubs and their volunteers and employees are working tirelessly on grass root development. The developments and improvements are visible.

Being in a leadership role of the sport has been a wonderful experience. I am thankful for the support and hard work of the Provincial Executive and staff.

Our sport is volunteer driven and all our success flows from the dedication and hard work of all the volunteers from tip to tip.

The next five years at the National level should be an exciting new direction for the National Men's Program under John Herdman, the awarding of the World Cup for 2026 and the start of the new Professional League in Canada.

Keep the ball rolling.

Respectfully submitted,

President, PEISA
