Ponoka Minor Hockey News

Season is Well Underway

Thank you to those Ponoka Minor Hockey Parent members for complying with the municipal and provincial masking orders. We all want to see our kids stay on the ice this season and unfortunately the only way we can make that happen is through sacrifice. By following the order and encouraging our kids and spectators, we can continue to make it a fun, developmental year for our players!

Open Board Position

We'd like to thank Roxanne for her years of service to Ponoka Minor Hockey Association, and sadly, must announce that her position with the board is now open. We need a volunteer to step up and take on the Tournament / Discipline Director role for the remainder of the season. This position will be open again for nominations at our next Annual General Meeting in June, however, we need someone in the interim. If you are interested, or you know of someone who is interested, please email presidentpmha@gmail.com to let us know. This is a voting position.
