New League

Ponoka Minor Hockey has applied to, and been accepted into the [Central Alberta Hockey League \(CAHL\)](#). This is a relatively big change as we were with the North Alberta Interlock League. The decision to change leagues was debated on, as we were looking to reduce travel as well as work with a league that is rumoured to be very organized and easy to work with. Our hopes are that this is a smooth transition and we will be working on communications ahead of time so that our members understand rules and procedures well ahead of league games. By joining with [CAHL](#), we will find that we are on the northern most border of the leagues and most travel will be to the south.
