PART III: RULES OF PLAY

RULE SOURCES

Except as herein amended, modified, and/or supplemented by Hockey Sask and/or PAH the rules of play will be as established by the current Hockey Canada Rule Book.

A. PLAYERS DRESSED AND ELIGIBLE TO PLAY

A team must have a minimum of six (6) registered players dressed and recorded on the game form, ready to play at the scheduled time of the game to be eligible to play for points in the league standings.

The team showing less than six (6) players will be in default and the team standing points will be awarded to their opponents. This is considered a game. In the case that neither team shows 6 players, no points will be awarded. The remaining ice time can be used by the teams for a practice session.

Injured players may not be on the bench unless they are fully dressed including all CSA approved equipment.

B. GOALTENDER REGULATIONS

Equipment - PAH will endeavor to provide Equipment to as many U9 or U11 teams as possible so that all kids who want to try Goaltending will have the opportunity.

Parents/Coaches/Players need to understand that due to the various size levels of children in these age groups this may not always be possible.

U9 - At the U9 level PAH provides the opportunity for all players to try playing goal and also playing out. Any player who wishes to try Goal should pass their wishes on to their Coach. The players evaluated as a goalie have no guarantee they will play full time in the net. Those players should be prepared that they will only play goal half of the time. PAH wants to remind all that there are many long-term benefits to trying every position, before settling on one.

U11 – At the U11 level, any player who wishes to be a regular part time goalie but also wants to play out will be given this opportunity. Please indicate during evaluation your child's intentions. Any player who only wants to play goal and has evaluated as a goalie should be expecting to play at least half of the time in net. These players will be encouraged to skate out or play another position when it is not their turn to be in goal. Playing other positions will develop many other skills in the game.

**** Note **** -- Even when a player skates every evaluation as a goalie, PAH has the right to place the player in whatever division level the evaluators and Division Coordinators feel is appropriate for their skill level. This process will be done with the inclusion of the President and General Manager of PAH.

C. EQUIPMENT

In particular, this applies to helmets that require two chin straps, one for the helmet and one for the face mask. It is a rule book requirement that both straps must be utilized and properly fastened any time a player is on the ice surface.
