Making Ethical Decisions (MED) - Evaluation

To begin the evaluation, please select the stage of athletes from the right you work with most often. Please note that what you've learned from the MED applies to any stage and therefore you will only need to complete this evaluation once, regardless of your NCCP coaching context or sport.

MED is one of the NCCP's cornerstone workshops, and leaves coaches with no doubt as to what to do when the going gets tough. The MED online evaluation provides the opportunity to apply the skills learned in the workshop to real-life situations. By successfully completing the MED evaluation, you will have demonstrated the ability to handle virtually any ethical situation with confidence and surety.

Upon completing the MED evaluation, you'll be able to:

- analyze a challenging situation and determine if it has moral, legal or ethical implications; and
- Apply the NCCP Ethical Decision Making Model to properly respond to each situation in a way that is consistent with the NCCP Code of Ethics.

Remember to click "Exit" and check your transcript once the evaluation has been completed successfully.
