#### **5.19 Dressing Room**

Players should be supervised at all times. A lone personnel member should never be in the dressing room with players at any time, and especially when they are showering or changing: two (2) adults should be present together; which is called the “Two Deep Method” of supervision. Should separate dressing rooms be required, both dressing rooms require the appropriate adult supervision.

#### **Injury Treatment**

The safety person should avoid treating injuries out of sight of others. Use the “Two Deep Method” (two adults) supervision system.

#### **Female Teams**

Recommend that when using the “Two-Deep Method” with female hockey teams, there shall be 2 female supervisors with the players where possible. If not possible there may be one (1) male and one (1) female supervisor. The male supervisor however, would not enter the dressing room but would be within hearing distance to protect supervisors or players.

## **Road Trips**

Ideally, team personnel and players should not share accommodations, regardless of the potential cost savings or other benefits. If sharing a room is unavoidable, be sure that the “Two Deep Method” rule is observed at all times.

## **Physical Contact**

Team personnel should avoid touching a player. Use the “Two Deep Method” (two personnel, or two players) supervision system. The comfort level and dignity of the player should always be the priority. Limit touching to “safe areas” such as hand to shoulder.

## **Isolated Spaces**

Parents/guardians should never leave their child unsupervised in a facility, nor should they leave their child alone with a single personnel member (use the Two Deep Method supervision system).

## **Sport and Training Facilities**

Participants who are minors should never be left waiting in a facility without the supervision of their parent/guardian or personnel member (use the Two Deep Method).

## **Parents in Locker Rooms**

Except for players at the younger age groups, 5 – 10 years of age, we discourage parents from entering locker rooms unless it is truly necessary. If a player needs assistance with his or her uniform or gear, if the player is or may be injured, or a player’s disability warrants assistance, then we ask that parents let the coach know beforehand that he or she will be helping the player.

Naturally, with our youngest age groups it is necessary for parents to assist the players getting dressed. We encourage parents to teach their players as young as possible how to get dressed so that players will learn as early as possible how to get dressed independently. In circumstances where parents are permitted in the locker room, coaches are permitted to ask that the parents leave for a short time before the game and for a short time after the game so that the coaches may address the players. As players get older, the coach may in his or her discretion prohibit parents from a locker room. In general, parents should not enter the dressing room if the players undress to less than shorts and t shirts.

## **Co-Ed Dressing Rooms**

PMH firmly believes in accommodating both genders. We further believe in balancing this goal with the safety, privacy, modesty and wishes of ALL our members without compromising the aspects of camaraderie, social integration and bonding inherent in a team sport.

PMH stress the importance of coaches ensuring both male and female players have equal access to pre and post team sessions and to all team related activities.

PMH recognizes the physical limitations of some facilities and encourages our members to work with local facility management to ensure that appropriate changing facilities are available to both genders.

PMH allows co-ed dressing room situations to exist at the U7, U9 & U11 levels, 4-10 years of age provided participants in a co-ed situation either arrive in full equipment or wear at a minimum gym shorts or long underwear as well as a full t-shirt (no tank tops) all of which must be in good condition and without holes/tears.

At the U13 – U18 (11 to 17 year old) level the following conditions will apply in all co-ed team environments:

- Females and males will change in separate rooms.
- Both genders shall congregate in one dressing room fully prepared to participate in the game/practice not more than 15 minutes prior to the scheduled ice time unless otherwise indicated by the coaching staff.
- The lesser represented gender shall depart the dressing room not more than 15 minutes after the game/practice unless otherwise indicated by the coaching staff.
- The gender in the majority shall not begin changing (exception of helmets, gloves and skates) prior to the departure of the lesser represented gender.

### **5.21 Governing Hockey Rules**

The Association shall have the power to institute such additional rules to apply to members of the Association so long as these rules are not less restrictive than the rules of Hockey Alberta and Hockey Canada and these rules would not contravene existing Hockey Alberta, Hockey Canada or governing league rules.
