

On our U13 division, we started out with 13 players and with the player movement, we ended up with 2 teams.

The Blue team got bumped up to tier 1. They lost the season except for their last game. They still had an amazing season, never gave up and stayed positive the entire time.

The white team got bumped up as well to tier 3 and went to the playoffs where they lost in round 2.

Both teams had a great year.
