

Redcliff Minor Hockey Mandate, Mission Statement and Core Values

Mandate

The Redcliff Minor Hockey Association (RMHA) is committed to promoting the game of hockey throughout the Redcliff region for players of all ages and abilities. We believe that hockey, Canada's national winter sport, is a powerful tool for building community, fostering healthy lifestyles, and empowering our youth in an environment of mutual respect and healthy competition.

At RMHA, we are driven to increase participation, enhance skill development, and create meaningful opportunities for players, coaches, and officials alike. Acting as a central hub for hockey development in Redcliff, we aim to inspire growth and passion for the sport by offering multiple levels of local and competitive play, representative programs, and training for coaches and officials. Our approach emphasizes positive experiences and the holistic development of each player, fostering socio-cultural, psychological, physical, and emotional growth through sport.
