RHRA – Registration Fee Refund/Credit Policy

For the 2023-24 Season

This policy pertains solely to RHRA annual player Registration fees. Individual Team fees are at the sole discretion of the Bench Staff associated with the RHRA player.

A written and dated request for a Registration Fee Refund / Credit must be submitted to the RHRA President at president@rhringette.com

If a player withdraws during or after evaluations/tryouts, but before regular season activities begin (approx. September 1st), the RHRA will provide a full Registration Fee refund less an administration fee of $50.00.

If a player withdraws for any reason prior to November 15th, an administration fee of $50.00 and 50% of the annual Registration Fee will be deducted from their Registration Fee credit.

If a player withdraws after November 15th, no Registration Fee credit will be issued.

Registration Fee credits for players withdrawing for sports related medical reasons will be dealt with as follows:

If the player sustained the medical injury during the course of play or as a result of their participation on behalf of an RHRA team, and as a result is unable to continue play for the remainder of the season, the RHRA will provide a Registration Fee credit of the player's annual Registration Fee for this year's playing season which will be applied to the following year's playing season, according to the chart below.

Injury sustained prior to November 15th of playing season	50% of Registration Fees credited, less Administration fee
Injury sustained prior to December 31st of playing season	25% of Registration Fees credited, less Administration fee
Injury sustained after December 31st of playing season	No Registration Fee credit

If the player sustained the medical injury outside of their participation on behalf of an RHRA team, the RHRA will provide a Registration Fee credit on a case-by-case basis. Please provide a written request with rationale to the RHRA President for consideration.

Whenever the HST applies, all Registration Fee refunds and credits will be adjusted according.
