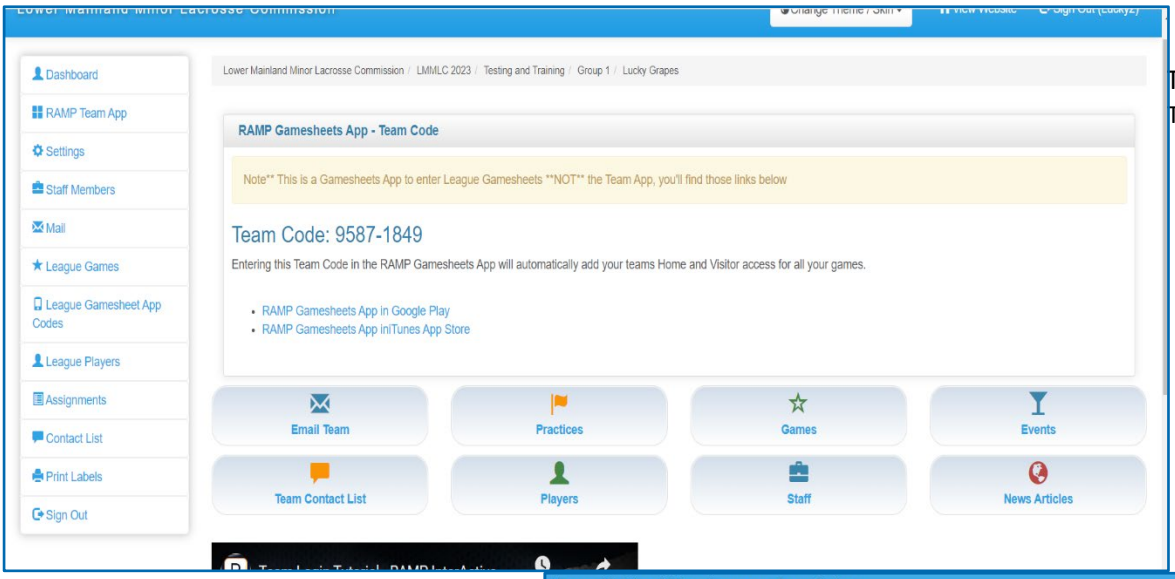
Team Page Information



When a team logs in
This is their home screen
Team Code is new this year

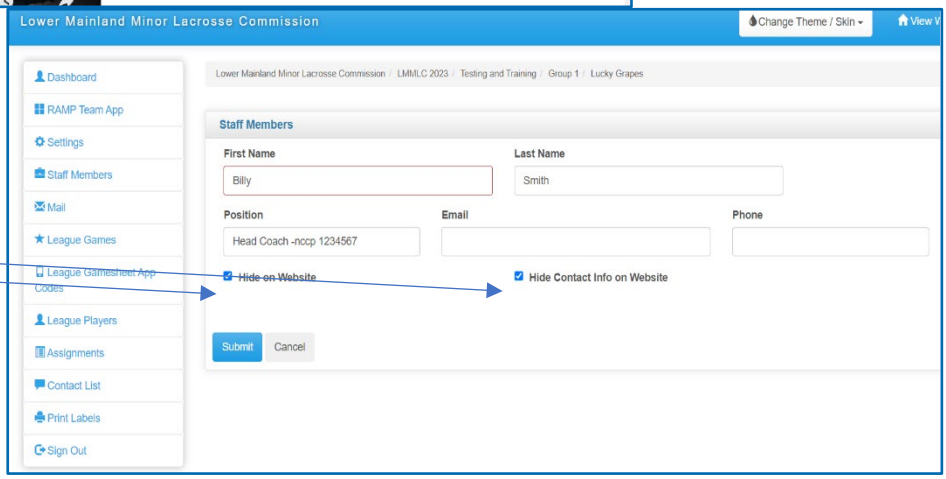
They can add their staff
Coaches and managers
They add their players
Access game sheet app
League games

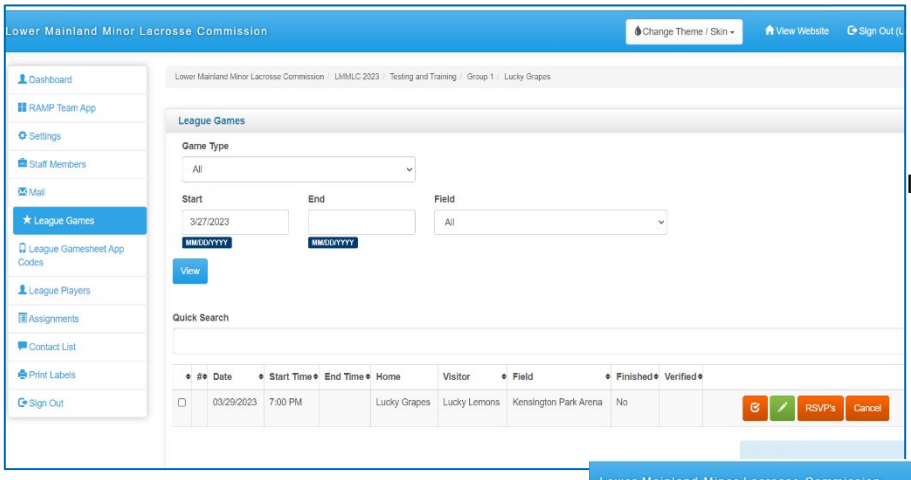
Each team will need to add their staff

Coaches and manager

Under position for coach need to have NCCP #

They want to click on the hide on website





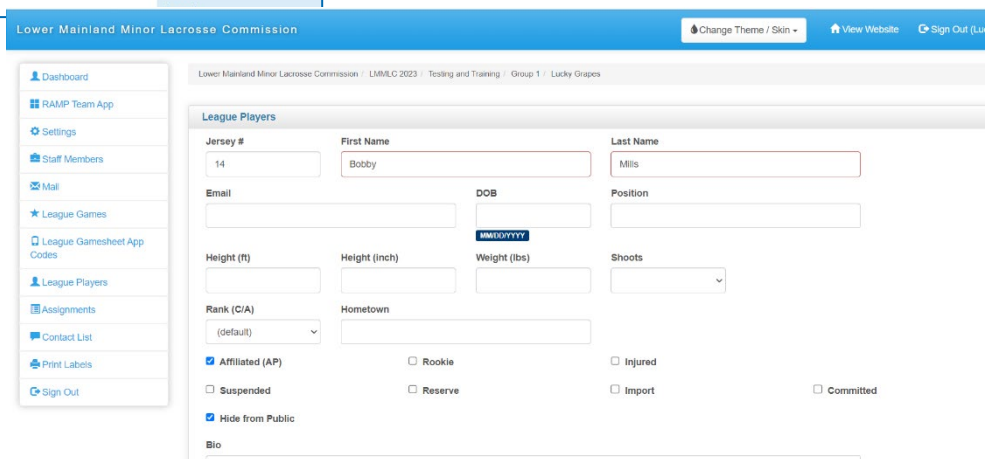
League Games

All league games will show from the dates entered

If the game is not marked finished it will not show
In the standings page with points for either team

Enter game sheet will allow them to upload
One game permits and paper game sheet if needed
And make adjustments to game sheet if error.
This is only available within the time limit set
League will enter time limit from start of game

Adding players is done here for teams

For a call up would click on AP


If a player is suspended, they would need Edit player to add suspended for automatic Suspensions prior to the game.
Also need to put in game notes on the app
Need to hide from public the player
