

My name is Bapinder Dosanjh and I will be seeking a position on the 2019-2020 Richmond Jets Minor Hockey Association Board of Directors.

Many of you may know me as I was the Registrar / Administrative Assistant for Richmond Minor Hockey Association during the last 2 years of the association. Some of you may know me as I have 2 sons who have played hockey for many years. My youngest son, Derek, is currently in his second year of Peewee and my older son, Kyle, played hockey from Hockey 1 to Junior A and is now pursuing his education and career goals.

I hope to bring my experience as Registrar, Rep Director and Team Manager to the Board. I am a parent like you and want to offer the best and most positive experience to our kids. I also want to ensure that we are providing a safe, fair and welcoming environment to all players and families.

I know first-hand how beneficial being involved in organized sports has been for my children and I want to ensure that the Richmond Jets is accessible to anyone who wants to join and participate.

If elected, I will not be joining the board with any preconceived ideas or notions in regard to how best run the organization. I believe that there are two sides to all issues and I believe in hearing both sides before making a decision. I believe we need open-minded individuals who are willing to make the hard decisions based on the best interest of the organization and all its members.

I also believe that the rules, regulations, policies and practices that the Richmond Jets, PCAHA, BC Hockey and Hockey Canada have in place exist to support the Mission Statement of Hockey Canada which is to "Lead, Develop, and Promote Positive Hockey Experiences." I hope to work towards executing and delivering this mandate for all Richmond Jets members.
