

## Richmond Jets Minor Hockey Association

Candidate Bio: Bruce Ratzlaff

My name is Bruce Ratzlaff and I have lived in the City of Richmond for the past 46 years. I have owned and operated a local business since 16 years. I have volunteered in community events. Playing a variety of Team Sports in school as well as community run programs I have always enjoyed being part of a team environment.

I'm excited for the opportunity to potentially be a part of the board. I have two boys that currently play for RJMHA, Bantam House and Peewee A4. I have been involved in Richmond hockey for the past 9 years as a volunteer Head Coach, Assistant Coach and Manager.

I would like to contribute to create stronger lines of communication and transparency throughout our program. My hopes are to continuously access our program to meet the needs of all skaters at all stages of development.

I want to be a part of a Team that continues to mold our Richmond Jets Association into a place where families feel welcome and kids learn to Love the Game and build new traditions and friendships while recognizing our past accomplishments from both associations.
