

**Hanif Hamir**

Dear Richmond Jets Minor Hockey Association Members,

I am seeking the privilege of becoming a director on the board for the 2019-2020 season. I currently serve on the board as the Treasurer, and prior to this I served on the board for Richmond Minor Hockey for three years in various positions including Ice Allocator, Risk Manager, and First Shift Coordinator. Additionally, I serve as the Treasurer for the Westwind Elementary Parents Advisory Committee.

In my professional life, I have a background in finance and logistics which helps me understand how entities operate as well as how funds flow through a company or association.

I think sports is a good avenue to ensure kids stay healthy and engaged in their community. Costs related to sport should remain low in order for everybody to be able to participate. To that end, financial transparency is essential and I am committed to working hard for the Jets Organization to be able to achieve these goals. I am also open and available to all families to hear your feedback throughout the year.

My 10-year-old son, has been playing hockey since he was 6, and continues to enjoy the sport. I also assisted in various positions on these teams including team manager, safety person, and assistant coach. Although my 8-year-old daughter does not play hockey, she keeps me on my toes with her dance recitals in both jazz and tap.
