

2026 PROVINCIAL AA CHAMPIONSHIPS

TRF REQUIREMENTS

All TRFs will be *locked* on **January 30th**. Ringette Ontario staff will be reviewing each TRF prior to the Provincial AA Championships.

Ahead of the deadline, all teams need to review their TRF and goalie(s) must be identified (position listed). Any goalies that are not identified on your TRF will not be eligible to be replaced with a substitute.

If you need assistance with your TRF, please email Josh (membership@ringetteontario.com).

Teams will be allowed to add an additional goalie to give them a maximum of two (2) goalies. This will permit an increase in the roster by one (1).

For information on eligibility, please see the 2026 AA Championships Technical Package. To request to add a goalie, please email Savannah (savannah@ringetteontario.com) and include the name and current team of the goalie that you want to add. The deadline to request a goalie to be added to your team is **Thursday, February 26th**. *No goalie additions will be approved after the deadline.*

Teams that require substitute players must submit the TRF Adjustment Form that corresponds with their division. Please ensure that the substitution request follows the substitution rules before you submit the form.

All TRF Adjustment Forms must be submitted by Thursday, February 26th.

After the deadline, substitution requests will only be granted for medical or extenuating circumstances, at the discretion of Ringette Ontario Staff.
