  - b. 11 home ice times for regular season per team;
  - c. The above ice time must be on the provided League form.
- 1.17. The ice submitted must meet the following criteria:
  - a. Each team's ice submission cannot be one (1) designated ice slot;
  - b. Submissions must be alternating days. (For example, not every Saturday at 9 AM).
  - c. Associations must not enter ice times on dates that their associations are hosting tournaments as this is not usable ice for scheduling purposes;
  - d. Associations that have more than 10 team declarations in the League must submit ice in a bulk format, where ice is provided in designated time slots on a provided League form, (i.e., 90 minutes, 120 minute or 135 minutes) however, they still must have at least one (1) ice time per team declaration and have four (4) ice slots for tiering round, and eleven (11) for regular season.
  - e. RMFHL bulk ice cannot be designated to a certain age category, but the RMFHL will make every effort to utilize appropriate hour ice slot for specific age category.

Failure to meet these deadlines, or errors in ice submission (i.e., double booking, associations pulling back ice times without league approval, non-valid dates and times) will result in a Two Hundred Dollar (\$200.00) fine and later than three (3) days may result in all or some of the teams of the Local Minor Hockey Association being suspended for the current season. Changes to the ice submissions to correct errors will be treated as incomplete ice submissions and therefore will subject to the Two Hundred Dollar (\$200.00) fine described above. Associations that would like to make amendments to ice slots after submission will incur a charge of fifty (\$50.00) Dollars per amendment. Failure of any LMHA to provide ice to RMFHL as required by the Table of Deadlines each season will result in some or all home games, of any of the team's part of that LMHA, not being scheduled for that part of the season.

Failure to notify the RMFHL League Vice President or President of roster changes immediately, and before player/coaching staff appears in a game, will result in a fifty dollar (\$50.00) per roster change. Failure to meet these dates as specified in the Table of Deadlines of the current year, will result in a Two Hundred Dollar (\$200.00) fine and any association later than a week may result in the LMHA being suspended for the current season.

# RMFHL Operating Regulations and Guidelines

Any member LMHA may declare, in writing to the RMFHL, prior to the start of the tiering round, that they require help submitting data.

## OVERAGE PLAYERS

- 1.21. Approval from Hockey Alberta must be obtained for any Overage ~~be~~ playing outside the RMFHL before the player is approved to play in the RMFHL. Overage players will be assessed throughout the season to determine if the player is a game changer.
- 1.22. The League will follow the Hockey Alberta guidelines concerning Overage players. All players must meet these guidelines and must have approval granted by Hockey Alberta.
- 1.23. The RMFHL Executive can apply to Hockey Alberta to revoke the overage status, at any time, if the player fails to continue to meet Hockey Alberta overage guidelines.
- 1.24. The RMFHL Executive reserves the right to apply to Hockey Alberta to revoke the overage status of any player, if the player is in the top scoring or penalty minutes or is incurring major penalties.

## 2.0 CLASSIFICATION OF TEAMS

- 2.1. In all age Divisions within the League, after competitive balance and like team management, geography has the next highest priority. The RMFHL Executive reserves the right to increase the number of tiers or splits to more geographic separations that will allow for competitive balance and then geographic benefit for the teams.
- 2.2. For the purpose of proper team declaration and tiering of teams in the League:
  - a. Member LMHA's must submit, prior to the first RMFHL meeting in September, an initial team summary with the approximate number of teams they will have in each age category.
  - b. A maximum of two (2) tiers shall be established for each age category of hockey in the RMFHL. This shall be comprised of Tier designations of numbers 1 and 2 as needed. Additional numbers, colors (blue, yellow or green) or geographic labels (north or south) may be used to separate or to split tiers as approved by the RMFHL Executive.
  - c. The RMFHL Executive retains the authority and discretion to request any member LMHA to declare more than one (1) team in a tier in any single age Division.

## RMFHL Operating Regulations and Guidelines

- 2.3. Each Member LMHA must declare their team placements in the League at the September Meeting. These Team Declarations will be completed using a format such as the following:
- a. U11 T1 AND T2;
  - b. U13 T1 AND T2;
  - c. U15 T1 AND T2;
  - d. U18 T1 AND T2;
  - e. If there are two (2) teams declared in one (1) Tier, then those teams must be split evenly according to ability of the players.
- 2.4. Unless otherwise requested by the RMFHL, or the Member LMHA, the teams in each Member Minor Hockey Association must be arranged according to the ability of the players as identified by Hockey Canada, Hockey Alberta and the following list: i.e., Tier 1 are the best players, and Tier 2 are the next best players.
- a. If more teams than what can be managed are presented in the Declaration Meeting, the teams may be separated and will be assigned at the discretion of the League Executive with the approval of the President:
    - i. to a separate tier number or color to identify a higher level of play than the other team groups if they are a higher skilled group; or
    - ii. to a separate tier number lower than the two (2) other team groups if they are a lesser skilled group; or
    - iii. the same tier number and a corresponding color: example U11 T1 Blue.
- Teams may request to move to a higher division at the RMFHL tiering meeting in October.
- 2.5. Post Tiering Round considerations:
- a. Any teams found to be too strong for any of the Tier 1 groupings, or too weak for the Tier 2 groups in an age division, they may be separated with other like teams and labeled a colour, example U11 T1 Blue;
  - b. If more teams than what can be managed are presented in the Tiering Meeting, the teams will be separated and may be assigned at the discretion of the League Executive with the approval of the President:
    - i. to a separate tier number or color to identify a higher level of play than the other team groups if they are a higher skilled group; or
    - ii. to a separate tier number lower than the two (2) other team groups if they are a lesser skilled group; or

## RMFHL Operating Regulations and Guidelines

- iii. the same tier number and a corresponding color: example U11 T1 Blue.
- c. In the lower tiers of U11 and U13, the League President will consider any requests for and discuss with the RMFHL Executive the possibility of tiers that are purely based on geography. Competitive balance and like team placements may be disregarded to allow for reasonably close proximity travel regardless of the game score outcomes.
- d. After completion of the Tiering Round for the Regular Season, a number of divisions (tiers) may be established for each Age Category of hockey to accommodate the number of teams declared in a tier for each age division.
- e. If there are too many teams in a division then that division will split into two (2) or more sub-divisions. The Executive must approve these sub-divisions.
- f. If at any time, in any tier, competition becomes unfair or un-balanced the RMFHL Executive reserves the right to act to correct it. When this is identified the RMFHL Executive will:
  - i. confirm with the member's LMHA that all players and the team was created following acceptable assignment of players to teams based on skill and performance ability;
  - ii. confirm that League declaration and tiering processes, if applicable, have been followed;
  - iii. confirm the current play of the team is beyond or below its current competition;
  - iv. confirm the team volunteers and its players are not directly or indirectly attempting to otherwise influence proper tiering processes by any means. If at any time either of the following is identified:
    - 1. a situation of un-balanced or unfair competition becomes apparent;
    - 2. that team volunteers or its players have taken actions that are a travesty to sportsmanship of League Play; Then the RMFHL Executive may:
      - a) Move the team to a new higher or lower tier if available at that time;
      - b) Create a separate tier of more matched competition levels;
      - c) Advise the team in question that there is not a place for them to play in the RMFHL for their level and they will no

# RMFHL Operating Regulations and Guidelines

longer play RMFHL assigned games against other RMFHL Members;

- d) Suspend the team from RMFHL play until a decision can be made on what the course of action will be for the team;
- e) Issue an Executive order detailing any other actions that the team or association will comply with in the period identified. NOTE: Complaints about improper team placement under this unbalanced competition policy will not be accepted after the second full weekend of play in January of the Regular Season.

## 3.0 REALIGNMENT

- 3.1. Realignment will take place after the tiering round as voted on by the RMFHL membership directed by the League Executive of the RMFHL.
  - a. Team movement can also happen after Dec 15th of the current season if teams are above or below their current level of competition. The application process must be submitted to the League Executive and reasons for team movement included. Any movement will then be assessed by the League Executive and teams may, or may not, be asked to move to allow for more competitive games.
- 3.2. If a team refuses to play any games assigned in the tiering round, then that association may be fined \$600.00, and the team will be responsible for the opponent's half of ice expenses and the cost of the officials for that game. The team may be suspended from the RMFHL, unless the League Executive approves that the scheduled tiering game does not have to be played.
- 3.3. NO TEAMS will be allowed to miss tiering games to play in tournaments. If a team decides not to participate in a tiering round game this will be considered a forfeit and all forfeit fees will be charged as stated in Operating Guideline Section 3.2 above.
- 3.4. Team Points and Player Scoring Statistics from all games played in the Tiering Round will not count in the Regular Season Standings. All Teams will start over again at the start of the regular season and all teams will play the same number of games.
- 3.5. All participants penalty minutes from the tiering round will be carried forward to the regular season along with any suspensions accumulated in the tiering round must be served before the participant can return to play and will be tracked for

## RMFHL Operating Regulations and Guidelines

the entire season. See Operating Guideline Section 9.18 for further details.

- 3.6. There will be a balanced schedule for the season (as best as possibly can be given) with each team in a division playing an equal number of games against each other. If this rule allows for a game schedule of less than 18 games, the schedule will be modified to an unbalanced schedule for this specific Regular Season Tier. This will be done by adding games played against the next closest proximity team(s). This will need to be coordinated with available ice until each team in the tier is scheduled for 18 games. It may be necessary for TBA (to be announced) games to be scheduled if reasonable options are not present at the time of schedule creation. Under those circumstances the home team will be selected, and they are responsible for securing and providing ice for this TBA game(s).
- 3.7. Failure to follow this regulation will result in the offending team paying a penalty to cover the cost of ice and officials for the game and then an additional fine amount to a maximum total of \$600.00 for each instance.

### 4.0 OFFICIALS

- 4.1. A two (2) or three (3) person system of game officials will be used for all age categories and all referees should be at least one (1) age category above the age category they are officiating (see 4.7)

Where possible, officials should not be a referee in any RMFHL game if they have a member of their immediate family participating in the game or carded or team sheeted to the team (immediate family includes parent, son, daughter, brother, sister, etc.) (see 4.7). In the event that any official is a related family member of the home team, the home team is required to advise the opposing team of this, prior to the game. Both teams are required to sign the front of the RMFHL Game Sheet to acknowledge notice was provided.
- 4.5. The local association is responsible for all officials for all RMFHL games except as stated in 4.6.
- 4.6. The President may assign all or some of the officials for any games (tiering, regular season or play-off). If the President decides that it is necessary to do this, he/she shall notify the appropriate Referee Zone Chairperson and work with that person to handle the situation delicately as to not have officials quitting. The Referees Association will handle all the necessary communication with the official

- 4.7. In the event that a referee is not available to officiate a game, teams must follow Hockey Canada rules. Both coaches must agree on the referee to be used and sign the front of the game sheet before the game starts, or the game shall not be played, and the home team shall submit a report to the President for evaluation. Penalties may be assessed against the offending Member Association at the discretion of the Executive.

The off-ice officials are not to engage in conversation with any player in the box or on the ice. (Exceptions include telling a player how much time they have left in a penalty or asking what their number is). Remaining neutral includes not wearing a team jersey for one of the teams participating. The RMFHL will review any cases of unacceptable behavior by any off-ice officials. That review may result in suspension, removal of any off-ice official from further participation, assessment of a suspension for code of conduct reasons or suspend the person(s) from RMFHL games indefinitely pending a review.
- 4.11. It is a recommendation that the visiting team provide a volunteer to work the visiting team's penalty box gate. This is to reduce any potential conflict between the visiting players and the home team volunteer working the gate.

At the end of the five (5) minute warm-up period, the clock shall be reset to twenty (20:00) minutes and the game started. The home team must provide warm up pucks for the visiting team, at least one (1) per player.
- 5.4. During tiering or regular season League play, if, after three (3) periods of play, the score is tied, NO OVERTIME shall be played.
- 5.5. Pregame Events
  - a. Various pregame events may occur prior to the start of the game and are considered a routine event or a special event, as determined by the League:

## RMFHL Operating Regulations and Guidelines

- 5.9. Midweek and Sunday games shall commence no later than 5:00 PM for U11 and U13, no later than 7:30 PM for U15 and U18 without the agreement of both coaches. The game start time must consider the travel time of the visiting team. - 5.10. Friday Night games shall start no later than 8:00 PM without an email from both Managers confirming to the Vice President of Operations agreeing to the start time. - 5.11. Stop time is to be used in all periods of all games. In Associations that are under a Drop Clock policy, when there is five (5) minutes remaining in the ice permit and after the first stoppage of play thereafter, the time clock will be set to two (2) minutes and the remainder of the game will be played stop time. - Affiliated players within a team's Division of play may only be used to bring the total number of players not including goalies to a maximum of 18 less the number of suspended players.
  - Affiliated Players will NOT be permitted to replace suspended Players.

Exception: In the event a team's roster falls below **twelve (12)** registered skaters (excluding goaltenders) due to suspensions, that team will be permitted the ability to use affiliation to return their roster size to a maximum of **twelve (12)** skaters plus goaltender(s).

  - b. During the RMFHL Tiering Round and Regular Season, teams will be allowed to affiliate for player development reasons to a maximum of 18 skaters and two goalies.
- 5.15. For any RMFHL game postponement, game schedule change or to schedule an assigned TBA or play-off game, the team managers for the two (2) affected teams must complete the approved RMFHL Game Change Form. When requesting a postponement of any RMFHL Game, the Team's Manager will complete the RMFHL game change form and forward it with the reasons for the request to the assigned Vice President of Operations and the opposing Team's Manager. RMFHL Regulations 9.13 must be followed for all League game postponements. When making changes to a scheduled game, to schedule a RMFHL assigned TBA or an assigned Play-off Game, the Home Team Manager will offer the opposing team a potential game choice to agree to. It is expected that if the opposing team does not have a scheduled League game that day and times of the games are within the RMFHL regulations that the game choice will be selected. The only exception would be if the team has already submitted a tournament request for during the regular season. If a Team refuses to agree to the choice provided, the RMFHL Vice President will review the game change submission and either request an additional game slot be offered or assign the game to the original one (1) of the available game slots. If the game outcome is deemed to not be impacted, the offending association may be fined up to One Hundred Dollars (\$100.00). Failure to comply with Operating Guidelines section 5.3 may result in a fine to a maximum of One Hundred Dollars (\$100.00) to the offending team. Games will not be replayed due to violation.

- a. All teams participate in play-offs within the RMFHL.
- b. The Executive has the ability to review the tiers and allow for team movement within the play-off structure, with the approval of the teams in the affected division.
- c. If a division has ten (10) teams, the Executive has the right to limit to top eight (8) in one (1) pool and the bottom two (2) seeds play-off in a consolation round to allow for more competitive finish to the season.
- d. If there is enough of a divide to separate the divisions to allow for more fair and competitive games in the play-offs the Executive shall email the teams in those divisions to gather information and decide based on those email responses.
- e. The Executive shall review all divisions and if there is a need for geography to be used and reduce the travel without having bearing on the opponents in the play-offs the Executive shall have that right.
- f. If travel is an issue of more than 200 km one (1) way, then the Executive has the ability to input a travel restriction and the higher seed shall host both games. **Note:** Should the two (2) tied teams play an unequal number of Regular

## RMFHL Operating Regulations and Guidelines

Season games, this rule will not apply. Please proceed to step iii;

- iii. If still tied, the team with the highest points percentage. Points percentage will be determined using the following formula: Points / Total Possible Points to be earned X 100 = Points %

**Example: Points Earned (PE) = 18      Total Possible Points (TPP) = 28**

$$18 / 28 = 0.643 \% \times 100 = 64.3 \%$$

**Note:** To calculate total possible points, take the number of games played at the end of the regular season and multiply by two (2). Example: 14 games played x two = 28 total possible points.

- iv. If still tied, the team with the highest goal ratio. Goal ratio will be determined using the following formula: Goals For / (Goals For + Goals Against) X 100 = Goal Ratio %

**Example: Goals For = 56 Goals Against = 44**

$$56 / (56+44) = .56\% \times 100 = 56.0\%$$

- v. If still tied, the team with the fewest penalty minutes per game average. Penalty Minutes per game average will be determined using the following formula: Total Regular Season Penalty Minutes / Number of Regular Season Games played = Penalty Minute average per game.

**Example: Regular Season Penalty Minutes = 115    Regular Season Games = 18**

$$115 / 18 = 6.39 \text{ PIMS Average}$$

- vi. If still tied, a coin toss shall take place by the League.
- c. If three (3) or more teams are tied:
    - i. The team with the most wins during the Regular Season.  
**Note:** Should the three (3) or more tied teams play an unequal number of Regular Season games, this rule will not apply. Please proceed to step ii.
    - ii. If still tied, the team with the highest points percentage. Points percentage will be determined using the following formula: Points / Total Possible Points to be earned X 100 = Points %

**Example: Points Earned (PE) = 18 Total Possible Points (TPP) = 28**

$$18 / 28 = 0.643 \% \times 100 = 64.3 \%$$

**Note:** To calculate total possible points, take the number of games played at the end of the regular season and multiply by two (2). Example: 14

# RMFHL Operating Regulations and Guidelines

games played x two = 28 total possible points.

If all three (3) or more percentages are different for the teams that are tied, then the highest percentage will gain the highest ranking and so forth with the lowest ranking percentage gaining the lowest position amongst the tied teams.

- iii. If two or more teams are still tied, the team with the highest goal ratio. Goal ratio will be determined using the following formula:

**Goals For / (Goals For + Goals Against) X 100 = Goal Ratio %**

**Example: Goals For = 56      Goals Against = 44**

**$56 / (56+44) = .056\% \times 100 = 56.0\%$**

If all goal ratio percentages are different for the teams that are tied, then the highest percentage will gain the highest ranking and so forth with the lowest ranking percentage gaining the lowest position amongst the tied teams.

- iv. If two or more teams are still tied, the team with the fewest penalty minutes per game average. Penalty Minutes per game average will be determined using the following formula: Total Regular Season Penalty Minutes / Number of Regular Season Games played = Penalty Minute average per game.

**Example: Regular Season Penalty Minutes = 115      Regular Season Games = 18**

**$115 / 18 = 6.39$  PIMS Average**

If all penalty minute per game averages is different for the teams that are tied, then the team with the lowest penalty minute per game average will gain the highest ranking and so forth with the team with the highest penalty minute per game average gaining the lowest position amongst the tied teams.

- v. If still tied, a coin toss shall take place by the League.

- c. When a hockey game can be postponed and rescheduled, no one will argue that playing the game is more important than participant safety when travel is required.
- d. Team level decisions should be made without direct pressure, intimidation or other forms of undue pressure being presented and it must not be used as an excuse or advantage to the travelling participants to opt out of the game.
- e. At no time, should actions be taken by League representatives or other participants to bully, coerce, threaten or otherwise engage in making a team feel like they must travel. The decision must be made by the team(s) travelling and the host of the game.

## RMFHL Operating Regulations and Guidelines

- f. The people undertaking the travelling must be the final decision makers on if the route and trip can be travelled safely or at a risk level that they wish to accept.

### Policy

- g. Hockey Alberta and the RMFHL will never force a team to travel to a game in adverse/ severe weather situations. Games will not be cancelled but will be considered for short notice postponement only due to adverse/ severe weather conditions or other unforeseen circumstances.
- h. Definitions for adverse/ severe weather conditions include but are not limited to heavy snowfall or freezing rain that causes dangerous driving conditions.

### Decision Making Factors

- i. The following considerations and circumstances should be considered by the travelling team prior to making the decision not to travel to a game:
  - i. Weather statements, watches and warnings issued by Environment Canada less than 24 hours prior to the start of the game;

**Note:** Weather statements, watches and warnings received more than 48 hours prior to the start of the game can result in premature decision making;

- ii. Localized travel restrictions or recommendations to not travel unless necessary;

**Note:** Travel restrictions or recommendations should be considered for all areas travelled, as bordering local police agencies may have different restrictions or recommendations in place due to local travel advisories.

- iii. Real time reports or reports from other participants in the area in question or from the host team participants;
