SilverTips/Meeting with Kerry

- Good meeting
- Kerry and Derek are happy to make changes
- they won't let things slip through the cracks
- have a good understanding of how things will be run
- realize that they need to have another signer for the cheques
- Silvertips can't book their own floor times, Rockyview to take all the times and then give them to them
- Silvertips have to play their games at Plainsman
- Midgets/Bantams should practice at Plainsman as well
- For next seasons Winter Camp, the Silver tips floor time should be booked adjacent to our floor time.
- Schedule should be Advanced/Beginner/Intermediate to give the S-tips a break between groups
- Need a 5.5 hour booking for the floors for next years winter camp

Winter Camp Survey

- Silvertips were happy to have the results
- Overall the feedback was decent, were concerns of kids "standing around" and the SilverTips playing on their phones, etc
- Kerry was going to address it with the Silvertips prior to the following floor time

Website

- Mel met with Christine on Thursday
- She presented Mel with some design layouts. Mel then shared them with the Board.
- There was discussion about which designs we liked best, Mel was to bring them back to the designer
