2025 Board Report – U7/U9 Division

This season, our U7 and U9 divisions responded very positively to the geographic team placements. Team sizes were well-balanced and worked out perfectly. The only challenge we encountered with the location-based model was a shortage of available coaches in certain areas.

Overall, teams appreciated participating in the Calgary league and found the experience beneficial. Looking ahead, I am planning to provide coaches and teams with additional tools and resources to support practice planning and skill development throughout the season.

Michelle Anhorn

U7/U9 Division Director, RockyView Lacrosse Association
