MAXIMUM AMOUNT AVAILABLE

The maximum amount payable for emergency hospital and medical expenses in excess of amounts paid by your provincial health plan or other insurance plans is \$2,000,000 per Injury or Sickness.

WHO IS COVERED?

Insurance is provided to all youth players, adult players, coaches, managers and officials under age 70 (herein referred to as the Insured), for whom required premium has been paid, and who are Canadian residents covered under a Canadian federal and/or provincial health insurance plan.

WHAT BENEFITS ARE PROVIDED?

ACCIDENTAL DENTAL BENEFIT

If, due to a force or blow external to the mouth, injury to whole or sound teeth (capped or crown teeth will be considered whole or sound) requires emergency treatment while outside the province of residence, the Company will pay the expenses actually incurred up to a maximum of \$2,000 per accident.

ATTENDANT TRANSPORTATION BENEFIT

If, due to injury or sickness, the presence of a medical attendant is required during the emergency evacuation, in accordance with the part titled "Evacuation Benefit", the Company will pay the reasonable and necessary expenses actually incurred, by such medical attendant, for the round-trip airfare, plus one day accommodation and board, subject to a maximum of \$5,000.

BOARD, LODGING AND TRAVEL EXPENSES

If confinement to a hospital for at least 5 consecutive days, due to injury or sickness, prevents the return to the province of residence, and the attendance of an immediate family member or companion is certified as medically necessary by the physician, the Company will reimburse the expense incurred by such family member or companion, for the round-trip economy airfare, and meals and accommodation up to \$150 per day.

If injury or sickness results in death, the Company will pay a single round-trip economy airfare for an immediate family member or companion to identify the mortal remains, as well as meals and accommodation up to \$150 per day and 5 consecutive days. The total maximum amount payable under this part will not exceed \$3,000 per occurrence.

EVACUATION BENEFIT

All arrangements for evacuation must be recommended by the physician who certifies that the severity of the injury or sickness warrants the emergency evacuation.

EXCESS HOSPITAL BENEFIT

If injury or sickness results in confinement in a hospital as an in-patient, the Company will reimburse for the reasonable and necessary emergency hospital expenses actually incurred up to and including standard semi-private accommodations.

If confinement to a hospital on or after the 45 days prevents the Insured from returning to his province of residence, insurance will continue for the period of such confinement, but in no event for more than 90 days from the date that the first insured expense was incurred.

In the event the discharge from a hospital is on or after the 45 days, coverage will be extended for a maximum period of 72 hours immediately following such discharge.

EXCESS MEDICAL BENEFIT

The Company will reimburse the reasonable and necessary expenses actually incurred, due to injury or sickness, for the following emergency treatment or services: a) out-patient room charges, b) treatment by a physician or surgeon, c) x-rays and laboratory examinations (when required for diagnostic purposes), d) rental of crutches or appliances, e) cost of splints, trusses, braces, or f) treatment by a physiotherapist while hospitalized up to a maximum of 3 treatments.

PRESCRIPTION DRUG REIMBURSEMENT

The Company will reimburse the expenses actually incurred, as a result of an injury or sickness, for drugs or medicines on an emergency basis as prescribed by the physician (oral contraceptives, patent medicines, vitamins, repeat prescriptions, maintenance and chronic care drugs are excluded).

Amounts payable under the policy shall only be for the excess of such expenses over any amounts available or collectable for treatment or services which are insured services or basic health services under the Provincial Health Plan of the province in which the Insured is a resident, whether or not the Insured is covered.
