Technical Committee Report – 2017 Annual General Meeting

The technical committee is comprised of board members, the operations coordinator and executive director of the Saskatoon Adult Soccer office. This year's committee includes Morvarid Akhgar, Andrea Drummond, Sue Mack-Klinger, Jason Trask, Dan Kelly, Danielle Bryk and myself, as chair.

The technical committee's primary role is to review Saskatoon Adult Soccer (SAS) rules and make recommendations to the board. We meet many times a year to discuss any issues that need attention. These issues can come from our membership, staff, referees and board members.

Our aim is to provide a safe, fun and fair way for adults to enjoy the game of soccer in Saskatoon.

In 2017 some of the highlighted recommendations were the following:

- Adding a player in men's turf league to change from 7v7 to now 8v8
- permits for all players
- indoor boarded yellow and red card penalty clarification
- women's over 50 indoor division

Danielle and Dan are extremely valuable assets for our committee. I am grateful for their efforts, input and time they have put in these past twelve months. The amount of volunteer hours, input and suggestions from our committee members is greatly appreciated.

We look forward to another great year of soccer in 2018.

Lee Kormish
Chair, Technical Committee
