### **Annual General Meeting – President’s Report**

**December 12<sup>th</sup>, 2018**

Looking back at the past year we see another very busy and successful year coming to an end. At this time in 2017 I remember predicting that Saskatoon Adult soccer would be hosting a 2018 Senior Nationals and that prediction was filled 100%.

I would like both thank and congratulate LOC Chair Lee Kormish and the Local Organizing Committee on a fantastic job in hosting this prestigious event. This event was not even over, and Canada Soccer was already asking us if we would host again soon. I think this request only speak for itself. The LOC was a very committed group which worked extremely hard but also had a lot of fun and enjoyed putting on this event and this showed tremendously to everyone involved and helped in making a great atmosphere for the whole competition. I would also like to extend a huge thanks to all our volunteers who helped in making things run so smoothly.

In looking back at the balance of the year I would like to thank both the board of directors and staff for another successful year. Looking forward the one challenge I feel we face is trying to have more teams in our top divisions and making these divisions more competitive. As the game continues to change and grow in different areas, I feel our board of directors is ready to make the necessary adjustments to accommodate these changes.

I would like to also announce that I will not be allowing my name stand for the position of President this year and will be stepping into the role of past president.

I would like to thank the SASI staff and both the current and past board members for everything as you have been excellent people to work with and also have been a lot of fun to work with. I must extend a special thanks to both Eileen Zagiel and Dena Clark for everything you have done and the amazing commitment you both have made to the SASI.

In closing I wish you all a safe and happy holiday season and look forward to the 2019 year!

Sincerely,

Gord Quinlan  
President SASI
