Technical Committee Report – 2018 Annual General Meeting

The technical committee is comprised of board members, along with office staff from Saskatoon Adult Soccer. This year's committee includes board members Morvarid Akhgar, Andrea Drummond, Patrick McKenna, Jason Trask and myself as chair. The office staff who held a roll on the technical committee were Daniel Kelly and Steven Schmidt with assistance from the Executive Director, Danielle Bryk.

The technical committee's primary role is to review Saskatoon Adult Soccer (SAS) rules and make recommendations to the board. We meet several times throughout the year to discuss any issues or concerns that have been brought up. These issues can come from our membership, staff, referees and board members.

Our aim as a committee is to continually listen to all the membership to try and improve the game for everyone. We want to maintain a fun, safe and enjoyable soccer experience for our current members and all the new members to come.

Although 2018 was a relatively quiet year with recommendations some of the highlighted ones are as follows:

- Allowing additional players to dress (25 as opposed to 18)
- Further clarifications on the Red and Yellow Cards
- Changing women's Classics to Women's Masters

Some of the items that are currently in discussion within the committee are:

- League changes to coed
- The introduction of walking soccer

Dan and Steven were both extremely valuable assets to the committee acting as the spearhead on many of the discussions. Along with the normal tasks, the board members and staff of Saskatoon Adult Soccer hosted Nationals this year. This took a lot of additional time and effort from the staff and board members but their focus on the technical committee maintained throughout the year. I am very grateful to have such a dedicated group of people to who have put in countless volunteer hours to better the game of soccer for all.

We look forward to another great year of soccer in 2019.

Adam Hamilton
Chair, Technical Committee
