Executive Director's Report – 2016 Annual General Meeting

Thank you all for coming tonight. Your support of adult soccer is appreciated. I also appreciate and encourage your feedback and questions as they both help improve the quality of our service and our league. In addition, I genuinely enjoy hearing the different ideas, and hope that this will be reflected throughout the league.

A review of our past year includes a change in the office as Steven Schmidt, our previous Operations Coordinator, moved to SYS. Throughout the summer we maintained only two full time staff positions but in October we were back up to three when Daniel April joined the team. He has been a tremendous asset to our office and league. Thankfully Rebecca is still with us, and continues to flourish. Her capability and reliability is exemplary.

In regards to other outstanding personnel, I must quickly acknowledge our board. Their continued support, time and drive for this league leaves me in awe. This literally could not be done without them. We also could not do anything without the players. Our league simply would not exist, and so I want to acknowledge all of you as well. And, more specifically, the team contacts. We are aware of the commitment you offer both us and your teams, and we are grateful.

We have learned a few things throughout this past year (including that we have many similar coloured teams – the bibs have been a huge success!), and so for the upcoming year the areas we are focusing on are to bring Masters Coed back to Henk Ruys, further improvement to the registration process as well as continued general enhancements to the website and daily tasks. Also, we intend to maintain our transparency, and we will continue to update our information to our website. Our players have constant access to all of our rules and protocols, and this way they can be informed and aware of everything SAS at all times. Of course, we are always happy to help anyone with questions or comments. Also, we hope our newly announced extended office hours on Wednesdays will also encourage communication with our players, and make things more convenient for them too.

Thank you again to everyone in attendance, and throughout our league. I look forward to hearing from you!

Merry Christmas! Have a wonderful year!

Danielle Zimmer
Executive Director
