Online anti-bullying, anti-harassment program that is a Provincial Government-led initiative through Sask Sport and is a requirement for all coaches in all sports in Saskatchewan. There are some equivalency acceptances for coaches that have received similar training through programs such as hockey's "Speak Out" training, the "Respect in School" program or NCCP's new "Empower+". The Respect in Sport program is structured over 5 online modules with their sub-modules which can be taken independently and at the coaches' leisure. The overall duration is 3 hours but that can be broken down as the profile will register every sub-module once completed. When registering, select Saskatchewan Soccer as your association.

[Online Clinic Dates](#)

MED helps coaches identify the legal, ethical, and moral implications of difficult situations that present themselves in the world of team and individual sport. Example: A coach that has attended Fundamentals, Learning to Train, or Soccer for Life will appear as "In Training". A coach needs to attend and pass the online evaluation for MED for the status to be changed to "Trained". ** MED and online evaluation not required for the U5 Active Start coaches.

All coaches will also need to complete an online evaluation after taking the Making Ethical Decisions course, which can be done at any time at the coach's own pace after completing the Active Start, Fundamentals, or Learning to Train; Making Ethical Decisions; and Respect In Sport. Once all are completed including the Online Evaluation, the coach will be considered "Trained" for the appropriate age group; until then the coach will be considered "In Training". ** MED and online evaluation not required for the U5 Active Start coaches.

CANADIAN SOCCER ASSOCIATION COACHING EDUCATION PATHWAY

As the governing body for soccer in Canada the Canadian Soccer Association is responsible for training coaches from grassroots to national team level. With the increasing number of players registering with clubs across the country this represents a considerable challenge. In order to meet this challenge the Association has developed a Long Term Player Development (LTPD) Model and tailored the Coach Education Program to this Model. As a result, a two-streamed education program has been developed in conjunction with the NCCP and CSA's provincial/territorial partners to meet the needs of both developing coaches and the sport itself. The Streams through which a coach may enter and/or advance are:

RULE OF TWO POLICY

General

- 1.1 The Rule of Two serves to protect minor athletes in potentially vulnerable situations by ensuring that more than one adult is present. Vulnerable situations can include closed doors meetings, travel, and training environments. SYSI Zone Associations are encouraged to create and implement policies and procedures that limit the instances where these situations are possible and can occur.
- 1.2 The Rule of Two states that there will always be two screened and Respect in Sport and NCCP trained or certified coaches with an athlete, especially a minor athlete, when in a potentially vulnerable situation. One-on-one interaction between a coach and an athlete, without another individual present, must be avoided in all circumstances except medical emergencies. SYSI expects that all organizations affiliated with SYSI will work toward attaining the Gold Standard.
- 1.3 In the event where screened and NCCP trained or certified coaches are not available, a screened volunteer, parent, or adult can be recruited. In all instances, one coach/volunteer must reflect the genders of the athletes participating or be of an appropriate identity in relation to the athlete(s).
- 1.4 As depicted in the diagram above, the Gold Standard is the preferred environment, it is not expected that it will be reached at all times. The alternatives presented, although increasing risk, are acceptable and would be considered to be in alignment with the Rule of Two. However, the one-on-one interaction between a coach and an athlete without another individual present, as depicted at the lowest stair in the diagram, is to be avoided in all circumstances.

2.0 Situational Guidelines

- 2.1 Saskatoon Youth Soccer recommends the following guidelines for organizations to ensure they are following the Rule of Two. In the guidelines below, a 'Person in Authority' is defined as an NCCP-trained or certified coach, a screened volunteer, or other adult. The organization is meeting the Gold Standard for the Rule of Two if the Person in Authority is always an NCCP-trained or certified coach.

2.1.1 Travel

- A Person in Authority may not be alone in a car with an athlete unless the Person in Authority is the athlete's parent or guardian
- A Person in Authority may not share a room or be alone in a hotel room with an athlete unless the Person in Authority is the athlete's parent or guardian
- Room or bed checks during overnight stays must be done by two Persons in Authority

2.1.2 Training / Competition Environment

The following guidelines are strongly recommended for the training and competition environment (including before, during, and after practices and games):

- A Person in Authority should never be alone with an athlete prior to or following a game or practice, unless the Person in Authority is the athlete's parent or guardian. If the athlete is the first athlete to arrive, the athlete's parent should remain until another athlete or Person in Authority arrives. Similarly, if an athlete would potentially be alone with a Person in Authority following a game or practice, the Person in Authority should ask another Person in Authority (or a parent or guardian of another athlete) to stay until all the athletes have been picked up. If an adult is not available, then another athlete should be present in order to avoid the Person in Authority being alone with a single athlete.
- Persons in Authority giving instructions, demonstrating skills, or facilitating drills or lessons to an individual athlete should always be doing so within earshot and eyesight of another Person in Authority.

2.1.3 Gender Identity

A Person in Authority who is interacting with athletes should be of the same gender identity as the athletes. The following guidelines are strongly recommended:

- For teams consisting of athletes of just one gender identity, a Person in Authority of the same gender identity should be available to participate or attend every interaction
- For teams consisting of athletes of more than one gender identity (e.g., co-ed teams), a Person in Authority of each gender identity should be available to participate or attend every interaction

ABUSE AND SAFETY POLICY

3.1 Saskatchewan Child Abuse Protocol

The Saskatchewan Child Abuse Protocol demonstrates a commitment by the Government of Saskatchewan to ensure that all efforts to protect children from abuse and neglect are integrated, effective and sensitive to the needs of children. To achieve this goal, all police, professionals and organizations are being asked to collaborate with the Government of Saskatchewan in an effort to prevent, detect, report, investigate and prosecute cases of child abuse and support children who have been abused. Sask Sport has been asked by the Ministry of Parks, Culture and Sport to provide this information to the all of the agencies and organizations and the community groups within who work with children and deliver sport activities. Although there will be many people in our sport community who are familiar with, or who already using, programs that build awareness and resources to help keep kids safe, such as RespectED and Respect in Sport, we ask that you pass along this information to reinforce the protocol to ensure that instructors, coaches and leaders in our communities are aware of their "duty to report" suspicions of child abuse.

3.2 Saskatoon Youth Soccer Inc., counsels all Entities (zones and community associations) to be aware of and distribute this information to all instructors, coaches and leaders to reinforce the Saskatchewan Child Abuse Protocol and the obligations outlined in [The Child and Family Services Act](#) (Section 12, Subsection 1 and 4) which states that every person who has reasonable suspicion to believe that a child may be in need of protection shall report the information to a child protection worker, Ministry of Social Services, First Nations Child and Family Services Agency or Police officer.

3.3. Reporting Child Sexual Abuse and Misconduct

NOTE: The below information is not meant to be exhaustive or intended to or to use in place of legal counsel but is to be intended as a quick reference for use in a sporting environment. Consult with child welfare, law enforcement and legal counsel if child abuse is alleged or suspected.

3.3.1 There is a legal and ethical responsibility to act, when a person becomes aware that a child may be or has been abused.

3.3.2 Individuals are responsible for reporting concerns, not proving abuse.

3.3.3 A person has a legal duty to report incidences of abuse, sexual or otherwise, even if it has occurred in the past and is no longer occurring. The offender may still have access to other children and those children may be at risk.

3.3.4 Stepwise Action for Reporting Child Sexual Abuse

- a) Child discloses abuse or abuse is discovered with the adult involved in the abuse being a coach or volunteer
- b) Coach/Volunteer who receives disclosure
 - i. Notifies law enforcement and/or child welfare about the incident(s)
 - ii. Consults with child welfare about notifying the parents; and
 - iii. Notifies the supervisor/manager, as well as a representative from Saskatoon Youth Soccer. The supervisor/manager in turn notifies the head of the organization.
- c) Head of the organization suspends coach/volunteer suspected of abuse without pay until case is resolved.
 - i. If the individual is a volunteer or unpaid staff, consider if the individual should be dismissed from their position immediately
- d) A child welfare agency and/or police will carry out any investigation. Organization(s) should conduct an internal follow up in consultation with police/child welfare and adjust(s) internal policies if needed. Potential outcome of investigation:
 - i. Substantiated/guilty. Coach/volunteer is dismissed from his/her position
 - ii. Inconclusive/not guilty. Seek legal counsel. Consider if coach/volunteer should be dismissed, with or without severance.
 - iii. Criminal processes can be complex and lengthy. A finding of not guilty may not necessarily mean that the abuse did not occur. Consult with a lawyer.
- e) Document the outcome of the investigation on the incident report form. Document the results of the internal follow-up.

3.3.5 Many of the steps above would also apply when:

- a) A child divulges abuse by someone outside the organization
- b) A peer divulges on behalf of another child
- c) An adult suspects that a child is being/or has been abused
- d) The safety of the child and other children in the organization must always be ensured in the process.

3.3.6 Legal guidance should be sought prior to suspension or dismissal

CITY OF SASKATOON SPORTS FIELD USAGE AND INCLEMENT WEATHER GUIDELINES

The City of Saskatoon Leisure Services Branch and the Parks Branch make sports fields available to user groups through Leisure Services Allocations (located at Cosmo Civic Centre – **306-975-3366**)

The use of sports fields when the turf is wet creates ruts, worn areas, and compacts the soil, which reduces turf grass growth (i.e. goal mouth areas). This use results in long-term damage to the turf, which reduces the quality of the playing surface. These problems create unsafe playing conditions and impact field availability, which results in lengthy and costly maintenance repairs to the fields.

Inclement weather sports field usage guidelines:

- ALL repair costs, resulting from sport groups using wet fields, WILL be charged directly to the offending team(s) or organization(s).
- The Onus is on the user group to assess playability, when deciding to use a field after or during rain:
 - **If there is standing water, i.e., puddles of water on the field -- do not use the field.**
 - **If water squishes under foot when you walk on the turf – do not use the field.**
- Play it safe – if unsure on whether to play or not error on the side of caution and do not play.
- In the event a field is covered with snow, the same conditions as above must be considered to decide playability and if wet conditions exist, use of the field is not permitted. If a group feels conditions are allowable for play and they want the fields cleared, they **MUST** get Approval from the Parks Branch. Approval will be based on the nature and scope of the event and all costs associated with the removal including any subsequent damage to the field will be charged directly to the requesting team(s) or organization(s).

Other Usage Guidelines:

- The use of herbicides/pesticides on sports fields is strictly prohibited unless approved by the Infrastructure Services Department, Parks Branch.
- The use of “Round-Up” mixed with line paint is strictly prohibited.
- Parking is limited at many parks. Encourage teams to park in designated parking lots or on the street. Parking in front of residential/commercial properties may result in receiving a parking ticket.
- Vehicles (other than Emergency such as ambulance or police) are not allowed on park surfaces. Damages from vehicles will be charged to the user group.
- When possible, perform non-game warm-up exercises along the edges of the field to save wear and tear on the main playing surface.
- Use garbage containers located adjacent to the playing fields.

Lining of Sports Fields:

- Priority field markings for the perimeters and goal creases of soccer/football fields and foul lines for ball diamonds will begin mid-April (weather permitting).
- Do not mark fields that conflict with the existing Parks Branch markings unless prior approval has been granted from Leisure Services.

**By adhering to the sports field usage guidelines, you will be contributing to the longevity of our assets.
Working together will ensure we have safe, quality playing surfaces for participants.
Thank you for your anticipated cooperation.**

FAIR PLAY CODES FOR ATHLETES, COACHES, PARENTS, AND SPECTATORS

ZERO TOLERANCE POLICY:

Saskatoon Youth Soccer Inc. has a “Zero Tolerance Policy” for offensive language, insulting, abusive language and/or gestures. Please instruct your players, coaches, parents and spectators accordingly! It is the coaches’ responsibility to ensure their team as well as themselves act appropriately!!

FAIR PLAY CODE FOR ATHLETES:

1. I will participate because I want to, not just because my parents or coaches want me to.
2. I will play by the rules, and in the spirit of the game.
3. I will control my temper – fighting and “mouthing off” can spoil the activity for everybody.
4. I will respect my opponents.
5. I will do my best to be a true team player.
6. I will remember that winning isn’t everything – that having fun, improving skills, making friends and doing my best are also important.
7. I will acknowledge all good plays/performances – those of my team and of my opponents.
8. I will remember that coaches and officials are there to help me. I will accept their decisions and show them respect.

FAIR PLAY CODE FOR COACHES:

1. I will be reasonable when scheduling games and practices, remembering that young athletes have other interests and obligations.
2. I will teach my athletes to play fairly and to respect the rules, officials and opponents.
3. I will ensure that all athletes get equal instruction, support and *playing time*. (Check with your zone’s philosophy on equal or fair playing time).
4. I will not ridicule or yell at my athletes for making mistakes or for performing poorly. I will remember that children play to have fun and must be encouraged to have confidence in themselves.
5. I will make sure that equipment and facilities are safe and match the athletes’ ages and abilities.
6. I will remember that children need a coach they can respect. I will be generous with praise and set a good example.
7. I will obtain proper training and continue to upgrade my coaching skills.

FAIR PLAY CODE FOR PARENTS:

1. I will not force my child to participate in sports.
2. I will remember that my child plays sport for his or her enjoyment, not for mine.
3. I will encourage my child to play by the rules and to resolve conflicts without resorting to hostility or violence.
4. I will teach my child that doing one’s best is as important as winning, so that my child will never feel defeated by the outcome of a game/event.
5. I will make my child feel like a winner every time by offering praise for competing fairly and trying hard.
6. I will never ridicule or yell at my child for making a mistake or losing a competition.
7. I will remember that children learn best by example. I will applaud good plays/performances by both my child’s team and their opponents.
8. I will never question the officials’ judgment or honesty in public.
9. I will support all efforts to remove verbal and physical abuse from children’s sporting activities.
10. I will respect and show appreciation for the volunteer coaches who give their time to provide sport activities for my child.

FAIR PLAY CODE FOR SPECTATORS:

1. I will remember that children play sport for their enjoyment. They are not playing to entertain me.
2. I will not have unrealistic expectations. I will remember that child athletes are not miniature professionals and cannot be judged by professional standards.
3. I will respect the officials’ decisions and I will encourage participants to do the same.
4. I will never ridicule an athlete for making a mistake during a competition. I will give positive comments that motivate and encourage continued effort.
5. I will condemn the use of violence in any form and will express my disapproval in an appropriate manner to coaches and league officials.
6. I will show respect for my team’s opponents, because without them there would be no game.
7. I will not use bad language, nor will I harass athletes, coaches, officials or other spectators.

FAIR PLAY IT’S YOUR CALL!!

CSA POLICY ON PLAYERS WEARING CASTS

This Canada Soccer policy document is designed to reduce inconsistencies in rulings over players wearing casts. All referees are expected to follow these policies in all matches sanctioned by Canada Soccer. Law 4 states that a player may not use equipment or wear anything that is dangerous [to anyone]. It further states that non-dangerous protective equipment is permitted as long as it has the sole purpose of protecting the individual physically providing that it poses no danger to the individual or any other player. Modern protective equipment made of soft, lightweight, padded materials are not considered dangerous and are therefore permitted. Hard casts are considered to pose a danger to both the wearer and other players and are not permitted to be worn. The practice of padding a hard cast does not reduce the element of danger. Players wearing a soft cast will be permitted to play if the cast does not present a danger to the individual or any other player. The referee or Supervisor of Officials (if one has been appointed to the match/tournament) will make the final decision as to the acceptability of any cast. Any player who uses a cast with the intent to intimidate or injure an opponent shall be sent off.
