Re: First Time Mini Coaches

Hello Coaches,

Is this your first season coaching? You have been given a team name and roster but wondering what you need to do next?

- Schedule a first practice.
- Review the Community Coach Package and League Rules
- Check the SYSI website for upcoming coach clinics and sign up for a clinic through your Community Soccer Coordinator. (U5-U9 clinics are free)
- Introduce yourself to the parents of the team prior to the first practice through email or text message.
- Contact the team's Community Soccer Coordinator to collect the team's equipment prior to the first practice.
- Plan your first practice. Visit some of our great website resources listed below under Coach Resources.
- Keep the parents updated with upcoming practices, [tournaments](#) and games through email or text message.
- Remember too have fun!!
