If the score goes under the 5-goal differential they must remove the additional player.

Permit Players (For additional regulations around permit players refer to SYSI's Rules and Regulations)

- A permit player is one who is playing temporarily with a team other than the one with which the player is currently affiliated.
- Youth teams may utilize the services of a permit player registered with another youth team in a lower division or a younger age group under the following conditions:
 - o The permit player must be registered with another team in the same zone.
 - o The permission of the coach of the permit player must be obtained.
 - o The name of the permit player must appear on the game sheet with the word "PERMIT" or "P" written beside their name.
- There is no limit to the number of games a player may permit to during the regular youth league season within the league they are registered in (i.e.: Alliance League to Alliance League or City League to City League). Coaches are encouraged to permit and offer exposure and developmental opportunities to a multitude of players and not just one/two with a purpose of winning.
- In the indoor season, teams are allowed to use 3 permit players not exceeding the normal maximum number of players given the age/division OR until they can field a full starting lineup plus three, not exceeding 5 permit players, whichever is greater, per game.
- It is the responsibility of the team to ensure that all its permit players are eligible to participate in that capacity.
- Teams who have been granted approval by SYSI to have additional players on their roster over and above the maximum roster size may not use permit players to fill beyond the maximum number of players initially set by SYSI, see *Number of Players* section. For example, if the roster size maximum is 12 and the team was approved to carry 14 players, than they can only use permit players when their total number of players available to play and those listed on the game sheet does not exceed 12 players.
- For City Playoffs and Championship games, permit players will be allowed to fill the roster up to the normal number of players on the pitch during a game plus **one (i.e.: 7 players for 6v6 and 10 players 9v9 during indoor season)**. The players permitting may not play in any other City Playoff or Championship games.
